## WHY CHOOSE PPS INVESTMENTS?

We are a subsidiary of PPS, a mutual organisation that offers a wide range of bespoke financial solutions exclusively to graduate professionals, including wealth management services, insurance and fiduciary services. As a mutual organisation, PPS shares 100% of its profits (from all its subsidiaries) among its qualifying members.

As the preferred wealth management services provider of choice for graduate professionals, we offer a suite of transparent and flexible investment solutions geared towards the creation and management of long-term intergenerational wealth supported by an experienced team that is driven by passion, accountability and integrity.

When qualifying PPS members invest with us they will receive PPS profit share allocations based on their investment portfolio which means that the more assets they have invested with us, the more profit allocations they would earn. PPS members can also earn additional profit allocations when they link their child(ren) and/or spouse's OPN investment solutions to their PPS member number.
