

# HOLISTIC FINANCIAL SOLUTIONS FOR PROFESSIONALS

## MISSION

We are a holistic financial services company geared towards enhancing the financial security of our members and their families. We aim to ensure that members have the security to live the lives they want to live.

## WHO WE ARE

In 1941, a group of eight hard-working dentists, who appreciated the value of a hard day's work and wanted to protect their ability to earn an income from that work, established PPS. Even then, the methodology they chose was rare in financial institutions: the practice of people joining together to benefit from pooled resources. This concept of mutuality still permeates every aspect of our business, from the way it is structured to the way in which innovations are designed.

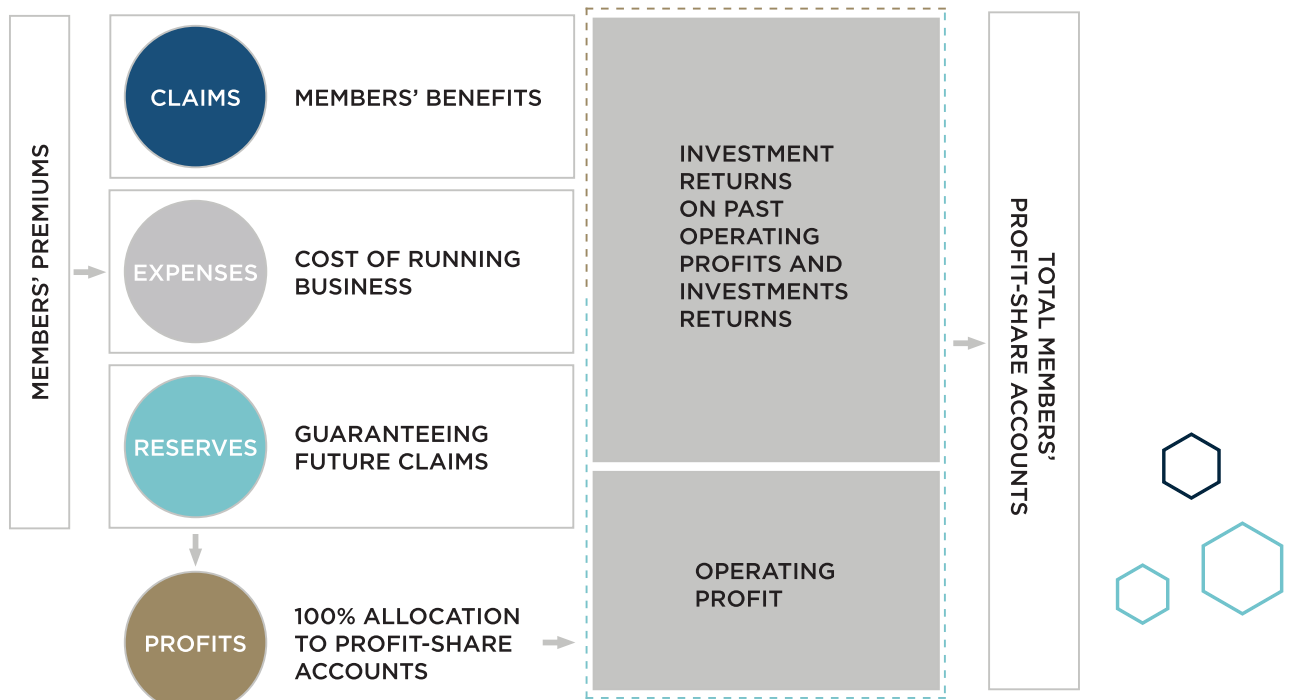

## MUTUALITY

PPS is not listed on any stock exchange; therefore, we have no external shareholders who receive dividends. We operate solely to add value to our members. Members with qualifying PPS products benefit directly from our profits through their dedicated Profit-Share Accounts. Mutuality is at the heart of PPS and is in our DNA.

The PPS Profit-Share Account is an exclusive benefit to PPS members in respect of the profits generated by the company. PPS members with qualifying products\* with PPS Insurance, PPS Short-Term Insurance, PPS Investments and Profmed, will share in the profits. Profit allocations are distributed to the PPS Profit-Share Account and invested on behalf of the members before becoming accessible via the Vested PPS Profit-Share Account that is administered by PPS Investments. This offers members a unique advantage of supplementing their retirement savings whilst having the opportunity to continue sharing in the profit allocations from PPS Investments.

Members can earn even more profits through the PPS Profit-Share Cross-Holdings Booster which is awarded over and above the existing allocation and is based on holding products across PPS subsidiaries and affiliates. The more products a member holds across PPS subsidiaries and affiliates, the more their profit share allocation will be.

\*As part of a PPS Provider™ policy.
