2 INTRODUCTION

- 2.1 After the commencement of the Companies Act, PPS Holdco was no longer able to continue to exist in its then current form, being a company limited by guarantee in terms of the Old Companies Act.

- 2.2 Accordingly, PPS Holdco formed the Trust and transferred Control of PPS Insurance to the Trust by Disposing of all its assets, including the entire issued share capital of PPS Insurance and all of PPS Holdco's intellectual property and any other assets, to the Trust, in order to give effect to the Trust Objects. PPS Holdco has been deregistered in terms of the provisions of the Companies Act.
- 2.3 Notwithstanding anything to the contrary contained in this Deed, it is recorded that PPS Holdco ceased to have any rights in terms of this Deed or in relation to the Trust with effect from the Implementation Date.

PART B: FORMATION OF THE TRUST

3 DONATION AND ESTABLISHMENT OF THE TRUST

- 3.1 PPS Holdco irrevocably donated R100 to the Trustees, to be held in trust for the Trust Objects on the terms of this Deed.
- 3.2 The Trust created in terms of 3.1 is known as "The Professional Provident Society Holdings Trust".

4 TRUST OBJECTS

The Sale having been implemented, the objects of the Trust shall be –

- 4.1 to hold shares in members of the Group for the purpose referred to in 4.2; provided that 4.1 shall not prevent the Trust from disposing of any such shares if such disposal is necessary or desirable for the purpose referred to in 4.2 or authorised in accordance with 12;
- 4.2 to maintain and facilitate the continued existence of the Group in such form as may be determined to be most desirable by the Trustees and enable the Group to continue operating, developing and expanding its business for the purpose of the Group providing Products or other benefits and services to the Members; provided that this 4.2 shall not prevent the Trust from allowing the Group to cease providing any particular Product, benefit or service. The Members shall participate in the control of the Group indirectly through the entitlement of Members to vote on the election and removal of Trustees, reserved matters referred to in 12, termination of the Trust referred to in 29

and any other matters which are put to a vote of the Members. No Member shall have any right to receive any distributions nor any vested or contingent right in all or a portion of the receipts or accruals or the assets of the Trust and the Members are not Beneficiaries; and

- 4.3 to increase the number of Members in order to facilitate the object referred to in 4.2.

Notwithstanding the foregoing, it is recorded that these Trust Objects shall not exclude or prevent the conclusion and implementation by the Trust of, or the Trust allowing or authorising, any transaction or other matter referred to in 12, which shall be permitted if authorised in accordance with 12.

PART C: TRUSTEES

5 APPOINTMENT OF TRUSTEES

5.1 Number of Trustees

There shall at all times be a minimum of twelve and a maximum of twenty Trustees in office for the valid exercise of the powers and discharge of the duties of the Trustees in terms of this Deed; provided that even if the number of Trustees in office at any time falls below the required minimum, the remaining Trustee/s shall be authorised to exercise the powers of the Trustees to the extent necessary or desirable for the preservation and administration of the Trust and the Trust Assets, for co-opting additional Trustees in terms of the proviso to 5.3.1 or in terms of 5.3.3 and for convening any General Meeting.

5.2 Trustees as at the date of Adoption of this Deed

Annexure A lists the Trustees who are in office as such on the date of adoption of this Deed and indicates whether they are elected by the Members, nominated by a Nominating Professional Organisation or co-opted.

5.3 **Composition of the Board**

The Board shall be composed of Trustees appointed in accordance with this clause 5.3.

- 5.3.1 A maximum of ten persons may be elected as Trustees by the Members in General Meeting in accordance with the election procedure referred to in 5.4, and upon election in that manner, shall automatically, and without further action being required, be appointed as a Trustee; provided that if any Trustee so elected ceases to hold office at any time other than by way of retirement by rotation at an AGM of the Trust, then the Board may co-opt a replacement Trustee to serve in office as such until the end of the next AGM of the Trust.
- 5.3.2 One person may be nominated for appointment as a Trustee by each Nominating Professional Organisation from time to time by giving written notice to that effect to the Trust. Any such notice of nomination shall only be effective if accompanied by the Written Acceptance of that Trustee. If the Board (after having received the recommendations of the Nominations Committee) confirms that the person so nominated is eligible to be a Trustee, then that person shall then, automatically and without further action of the Nominating Professional Organisation being required, be appointed as a Trustee. The Nominating Professional Organisation which nominated any Trustee may at any time, by giving further written notice to that effect to the Trust, remove that Trustee and nominate another person in terms of this 5.3.2.
- 5.3.3 Further persons may be co-opted by the Board as Trustees (after having received the recommendations of the Nominations Committee) if they have executed Written Acceptances; provided that the Board shall not be entitled to co-opt any Trustee to the extent that such co-option would cause the maximum number of Trustees referred to in 5.1 to be exceeded.
- 5.3.4 Any such appointment shall take effect from the date of such election referred to in 5.3.1, confirmation referred to in 5.3.2 or co-option referred to in 5.3.3, as the case may be, or as soon thereafter as letters

of authority are issued to the Trustee so appointed in terms of the Trust Property Control Act.

5.3.5 The persons who are, from time to time, the chairman and deputy chairman of the board of directors of PPS Insurance shall, ex officio, be appointed as Trustees with immediate effect from the respective dates of their appointments as chairman and deputy chairman (or, if later, the date on which letters of authority are issued to them in terms of the Trust Property Control Act).

5.3.6 The Board shall co-operate with any Trustee so appointed to obtain letters of authority from the Master.

5.4 **Election of Trustees by the Members**

5.4.1 An individual shall be elected as a Trustee by the Members in General Meeting in terms of 5.3.1 in the following manner –

5.4.1.1 that individual ("**Nominee**") must have been nominated in writing ("**Written Nomination**") for election by at least two Ordinary Members or the Board (after having received the recommendations of the Nominations Committee) and the Trust must have received that Written Nomination accompanied by a Written Acceptance by that individual by no later than the Nominations Closing Date for that General Meeting;

5.4.1.2 the Board (after having received the recommendations of the Nominations Committee) shall have confirmed whether the Nominee is eligible to be a Trustee;

5.4.1.3 if the Board (after having received the recommendations of the Nominations Committee) has confirmed that the Nominee is eligible to be a Trustee, then:

5.4.1.3.1 at the General Meeting there shall be a vote on a resolution to elect such Nominee and each Member shall be entitled to vote

for or against such resolution, which shall be subject to the remaining provisions of this 5.4.1.3; and

5.4.1.3.2 if at any General Meeting resolutions are adopted in accordance with 5.4.1.3.1 to elect a number of Nominees which exceeds the number of vacancies for Trustees elected in terms of 5.3.1 which exist or arise at the end of that General Meeting ("**Meeting Vacancies**"), then -

5.4.1.3.2.1 the Nominees whose election resolutions were adopted shall be ranked from highest to lowest by the number of votes cast in favour of the resolutions to elect them; and

5.4.1.3.2.2 only such number of the highest ranked Nominees as does not exceed the number of Meeting Vacancies will then have been elected as Trustees. The resolutions to elect the other Nominees shall, notwithstanding the votes cast in favour of those resolutions, be deemed to have been rejected by that General Meeting and those other Nominees will not have been elected as Trustees; or

5.4.1.3.3 if at any General Meeting resolutions are adopted in accordance with 5.4.1.3.1 to elect a number of Nominees which does not exceed the number of Meeting Vacancies, then all such Nominees will have been elected as Trustees.

5.4.2 The Board shall –

5.4.2.1 not be obliged to call for Nominees to be appointed to the Board. It shall be the responsibility of the Ordinary Members who are nominating a Nominee to be appointed to the Board to ensure that the Written Nomination and Written Acceptance is received by the Trust by not later than the Nominations Closing Date for that General Meeting, failing which such Nominee shall not be eligible for appointment as a Trustee;

- 5.4.2.2 for each General Meeting at which a Trustee may be elected, stipulate a "**Nominations Closing Date**", which shall be not later than two weeks prior to the date on which that General Meeting has been convened; provided that, unless the Board determines otherwise, the Nominations Closing Date for each AGM shall be the last day of February preceding that AGM; and
- 5.4.2.3 notify members of the identity of the Nominees standing for election at any General Meeting in the notice convening that General Meeting.

6 ELIGIBILITY AND DISQUALIFICATION OF TRUSTEES

No person shall be eligible to become, or to continue in office as, a Trustee if -

- 6.1 he is not an Ordinary Member of the Trust; or
- 6.2 he does not meet the qualification criteria (which may include the reasonable satisfaction of the Board (or Nominations Committee as delegated by the Board) as to fit and proper requirements, including those requirements stipulated by statute and regulation, the absence of conflicts of interests, satisfactory past performance and contributions as a Trustee in the case of persons who have previously been Trustees, requirements for the purpose of addressing diversity and balance of skills and qualifications, genders and races on the Board, as well as the provision of documents and proof of eligibility) which have been determined from time to time by the Board and have been recorded in a notice to Members, which notice may be given by publication on the internet website referred to in 28. If the Board, in its absolute discretion, decides in the manner referred to in 9.5 that any person or Trustee does not meet the qualification criteria, then that decision shall be final and binding on that matter; or
- 6.3 his estate is finally sequestrated; or
- 6.4 he files a petition for the surrender of his estate as insolvent; or
- 6.5 he is placed under curatorship by any court of competent jurisdiction; or

- 6.6 he dies or becomes insane or incapacitated to the extent that he is unable to perform the functions of a Trustee, and is unlikely to regain that capacity within a reasonable time; or
- 6.7 he is convicted, whether in South Africa or elsewhere, for theft, fraud, forgery, uttering of a forged document or perjury or any other offence referred to in Section 69(8)(b) of the Companies Act; or
- 6.8 he is removed by a competent court from any office of trust on account of misconduct; or
- 6.9 he has -
 - 6.9.1 taken personal advantage of information or an opportunity, contrary to 10.1 as read with section 76(2)(a) of the Companies Act; or
 - 6.9.2 intentionally, or by gross negligence, inflicted harm upon the Trust or a Subsidiary of the Trust, contrary to 10.1 as read with section 76(2)(a) of the Companies Act; or
 - 6.9.3 acted in a manner that –
 - 6.9.3.1 amounted to gross negligence, wilful misconduct or breach of trust in relation to the performance of the Trustee’s functions within, and duties to, the Trust; or
 - 6.9.3.2 amount to gross abuse of the position of Trustee or was materially inconsistent with the duties of a Trustee; or
 - 6.9.4 repeatedly been personally subject to a compliance notice or similar enforcement mechanism, for substantially similar conduct, in terms of any legislation; or
 - 6.9.5 committed any conduct referred to in any of sections 162(5)(a), (b), (c), (d) or (f) or 162(7) of the Companies Act; or

- 6.10 he, on any grounds in addition to those mentioned above, becomes ineligible to be or disqualified from being a director in terms of the Companies Act; or
- 6.11 he has reached the Maximum Age applicable to that Trustee (as defined below); provided that:
 - 6.11.1 any Trustee who is already in office when he reaches the Maximum Age shall remain in office until the end of the AGM immediately succeeding his birthday on which he reaches the Maximum Age;
 - 6.11.2 this clause 6.11 shall not apply to an ex officio Trustee referred to in 5.3.5; and
 - 6.11.3 in the light of the fact that clause 7.2 allows each Trustee appointed in terms of 5.3.1, 5.3.2, or 5.3.3 to hold office for a period of three years, no person shall be appointed as a Trustee in terms of 5.3.1, 5.3.2 or 5.3.3 if, at the time of his election or nomination by a Nominating Professional Organisation as such, he has already reached the age of sixty-nine years unless the Board, in its discretion, has determined that that person is eligible for election or nomination despite having reached the age of sixty nine years.

The "Maximum Age" applicable to each Trustee shall be the age of seventy two years or such greater age as may be determined by the Board, from time to time, in its discretion and in respect of that particular Trustee. The Board shall only be entitled to extend this age limit in respect of a particular Trustee once in every year and by not more than one year at a time. Consequently, in respect of a particular Trustee the Maximum Age may first be extended only to seventy-three years, then may subsequently be extended to seventy-four years and then may subsequently be extended to seventy-five years, etc.

7 REMOVAL AND RETIREMENT OF TRUSTEES

take effect on a later date and the Board approves that later date then such resignation shall have effect from that later date;

7.1.2 in terms of 6 he ceases to be eligible to continue in office as a Trustee, it being recorded that if he ceases to be so eligible as a result of an event referred to in –

7.1.2.1 clauses 6.1 to 6.10, then he shall cease to hold office with effect from the date of that event; or

7.1.2.2 clause 6.11, he shall cease to hold office on the date stipulated for this purpose in clause 6.11.1;

- 9.3 The Chairman shall preside at all meetings of the Board and shall accordingly determine the procedure to be followed at any such meeting; provided that the powers of the Chairman to determine such procedures shall be subject to the provisions of this Deed and shall be subject to any decision that the Board may have adopted on that subject. In his absence or if he is unwilling or unable to preside then the Deputy Chairman shall so preside and exercise the Chairman's powers. In the absence of both the Chairman and the Deputy Chairman or if both are unable or unwilling to preside, then the Trustees present shall elect one of the Trustees who is present to preside over that meeting as its chairman and exercise the Chairman's powers.
- 9.4 The Board shall meet for the dispatch of its business, adjourn and otherwise regulate its meetings as it thinks fit. The Chairman may at any time, and shall on the written request of not less than six members of the Board, convene a meeting of the Board. - 9.5 Subject to 9.6 and 31, all decisions of the Board shall be taken at a meeting of the Board by a simple majority of the votes cast by the Trustees present at that meeting. Each Trustee shall have one vote and the Chairman shall not have a casting vote at meetings of the Board.
- 9.6 A resolution in writing which has been sent to all Trustees then in office and has been signed by a majority (or, in the case of a resolution referred to in 31, 75%) of the Trustees then in office, shall be as valid and effective as if it had

been passed at a meeting of the Trustees duly called and constituted. Any such resolution may consist of several documents in a like form, each signed by one or more of the Trustees. A resolution of the Board passed in terms of this 9.6 shall be placed in a minute book of the Trust and shall be noted at the next succeeding meeting of the Trustees and shall also be signed by the chairman of that meeting.

9.7 All acts done by any meeting of the Trustees or a committee of Trustees or by any person acting as a Trustee shall, even if –

10 DUTIES OF TRUSTEES

10.1 Sections 75 and 76 of the Companies Act (but excluding section 76(3)(c) of the Companies Act, for the reason set out in 10.2) shall be incorporated herein by reference on the basis that all references therein to –

- 11.2 all powers to conduct, manage and control the business and all affairs of the Trust shall be vested in the Board which, in addition to the powers and authorities expressly conferred upon the Trust or the Board by this Deed, may exercise all powers and authorities and perform all acts which may be exercised or done by the Trust and may do all such other acts or things as, in the opinion of the Board, are conducive to the attainment of all or any of the Trust Objects. For the avoidance of doubt, it is recorded that the general powers given by this 11.2 shall not be limited or restricted by any specific authority or power given to the Board by any other provision of this Deed;
- 11.3 the Board shall be entitled to appoint such officers, employees, agents or other representatives as it may require or determine to be convenient in connection with the business and affairs of the Trust and on such terms and conditions and with such restrictions as it may deem fit.  - 11.4.2 revoke or vary all or any of such powers and authorities so delegated;
- 11.5 the Board shall be entitled at any time to –
 - 11.5.1 admit and retain Members; and

- 11.8 the Trust shall be entitled to procure services from or provide services to any member of the Group or any other Person on such terms and conditions as the Board may deem fit; and
- 11.9 the Trustees shall furthermore be able to exercise all such additional powers as may be conferred upon them by law or which are referred to in annexure B to this Deed.

For the purposes of this 12.2, it is recorded that any reference to assets constituting the greater part of the Group's assets shall mean assets having an aggregate value equal to 50% or more of the value of all the assets within the Group;

12.2.2 any transaction by the Trust or any other member of the Group which -

12.2.2.2 causes the Trust to cease to own (directly and indirectly) more than 50% of the issued ordinary share capital of any member of the Group having a value equal to 50% or more of the value of all the assets within the Group where, prior to that transaction, the Trust owned more than 50% of such issued ordinary share capital; provided that this shall not apply to a winding-up or deregistration of any member of the Group; and

12.2.3 any amendment to 12.1 or this 12.2 of this Deed or any termination of the Trust.

All values referred to in this 12.2 shall be calculated in accordance with section 112(4) of the Companies Act at a date determined for this purpose by the Trustees, which date shall not be more than ninety days prior to the date of signature of the agreement providing for the transaction referred to in this 12.2.

- 12.4 The Trust shall not authorise, agree to or implement any transaction which is not a transaction referred to in 12.2.2 but will result in any person other than the Trust acquiring any shares in the issued share capital of PPS Insurance, unless the Trust has given prior notice of such anticipated transaction to the Members and the Registrar of Long-term Insurance.
- 12.5 For the purposes of interpreting clauses 12.1 to 12.4, it is recorded that the Trust may conclude any agreement which provides for any of the transactions or matters referred to in clauses 12.1 to 12.4 but which is subject to any condition which will ensure compliance with clauses 12.1 to 12.4.

13 REMUNERATION AND EXPENSES OF TRUSTEES

In the absence of both the Chairman and the Deputy Chairman or if both are unable or unwilling to preside, then the Members Present shall elect one of the Trustees who is present or, if no Trustee is present, any Ordinary Member, to preside over that meeting as its chairman and exercise the Chairman's powers.
- 22.3.4 All acts done by any General Meeting shall, even if there was –
- 22.3.4.1 an immaterial defect in the form or manner of giving notice of the General Meeting; or
- 22.3.4.2 an accidental or inadvertent failure to give notice of the General Meeting to any Person/s, provided that at least 75% of the Members did in fact receive notice or attended the meeting or have confirmed that they were aware of the meeting and agreed to the conduct of the meeting in their absence,
- be as valid as if there had been no such defect or failure.

22.4 Quorate General Meetings

A quorum for a General Meeting shall be twenty-five Ordinary Members who are entitled to vote at that General Meeting; provided that if within thirty minutes after the time appointed for the commencement of a General Meeting (including the resumption of a General Meeting adjourned in terms of 22.5 but not the resumption of any meeting adjourned in terms of this 22.4) such quorum is not present or should there not be such quorum at any time after the General Meeting has commenced, then –

- 22.4.1 the General Meeting shall automatically stand adjourned to be resumed on the third Business Day after the date appointed for that General Meeting, at the same time and place as was fixed for the adjourned General Meeting and if such place is not available at such other place as the Board may decide;
- 22.4.2 notice of such adjournment shall be given in accordance with 22.5.2.2; and
- 22.4.3 if such quorum is not Present within thirty minutes after the scheduled time for resumption of the adjourned General Meeting, then the Members then Present at such adjourned General Meeting shall constitute a quorum.

The provisions of this 22.4 are subject to and do not detract from 12.

22.5 Adjournment of General Meetings

- 22.5.1 The chairman of a quorate General Meeting shall from time to time adjourn such General Meeting, in whole or in respect of the consideration of only some of the matters on the agenda for such General Meeting, if so directed by a resolution adopted by such General Meeting at the request of the chairman or any Ordinary Member.
- 22.5.2 If any General Meeting is so adjourned –
 - 22.5.2.1 it shall be resumed at such time and place as may –

- 22.5.2.1.1 have been stipulated in the resolution directing such adjournment; or
- 22.5.2.1.2 be determined by the chairman of that General Meeting, or failing any such determination by the chairman, by the Board, but the time for the resumption of the adjourned General Meeting which is determined by the chairman or the Board shall not be earlier than the third Business Day after the date of the adjourned General Meeting;
- 22.5.2.2 the Board shall cause notice of such adjournment to be given to Members by Electronic Medium only or by Electronic Medium and such other means as the Board may deem fit.
- 22.5.3 No business shall be transacted at the resumption of any adjourned General Meeting other than the business left unfinished at the General Meeting at which the adjournment took place. When a General Meeting is adjourned, the provisions of 22.3 shall *mutatis mutandis* apply to such adjournment.
- 22.5.4 The chairman may allow any General Meeting to be interrupted for any reason if the General Meeting continues in the same place at a later time on the same day and in that event such interruption shall not be regarded as an adjournment.
- 22.6 **Voting at meetings**
- 22.6.1 Subject to 12 and 22.9, all decisions of the Members shall be taken at a General Meeting by a simple majority of the votes cast by the Members Present at that meeting and any casting vote exercised by the chairman as referred to in 22.6.2.3.
- 22.6.2 For the purposes of any vote at a General Meeting on any resolution during any financial year of the Trust -
- 22.6.2.1 Associate Members shall not have any vote; and

- 22.6.2.2 each Ordinary Member shall have one hundred votes plus one additional vote for each completed R200,00 in his/her Apportionment Account at the most recent date prior to that General Meeting when the Apportionment Accounts of Ordinary Members were adjusted; provided that an Ordinary Member who is, as at the date of that vote, three months or more in arrear with the payment of his premiums (payable in terms of the Master Contract) shall only have one vote at a General Meeting; and
- 22.6.2.3 the chairman of the General Meeting shall have a casting vote in addition to any deliberative votes he may have.
- 22.6.3 A Member who has more than one vote, may not split votes to exercise his votes in voting on any particular resolution but shall exercise votes either for or against the resolution or the Member may abstain from voting on it.
- 22.6.4 The Trust shall keep a record of the votes that each Member is entitled to exercise at each meeting of the Trust.
- 22.6.5 At any General Meeting, a resolution put to the vote of the meeting shall be decided on a show of hands, unless a poll is (before or on the declaration of the result of the show of hands) demanded by the chairman of the meeting or by any five or more Ordinary Members or by any Ordinary Members who are entitled in terms of 22.6.2 to cast votes comprising 10% or more of the aggregate number of votes which may be cast by all Members at a General Meeting, and unless a poll is so demanded, a declaration by the chairman of the meeting that a resolution has, on a show of hands, been carried either unanimously or by a particular majority and an entry to that effect in the book containing the minutes of the proceedings of General Meetings shall be conclusive evidence of the fact, without proof of the number or proportion of the votes recorded in favour of or against such resolution. Any demand for a poll may be withdrawn.
- 22.6.6 If a poll is duly demanded it shall be taken in such a manner as the chairman of the meeting directs and the result of the poll shall be deemed

to be the resolution of the meeting on the matter on which the poll was demanded. The chairman of the meeting may appoint scrutineers to determine the result of the poll.

- 22.6.7 A poll demanded by the chairman of the meeting or a poll demanded on the question of adjournment by any Ordinary Member shall be taken forthwith. A poll demanded on any other question shall be taken at such time as the chairman of the meeting directs. The demand for a poll shall not prevent the continuation of a meeting for the transaction of any business not affected by the question upon which the poll has been demanded.

22.7 **Proxies**

- 22.7.1 The appointment of a proxy shall occur only by way of a written instrument which complies with 22.7.4 and has been signed by -

22.7.1.1 the Member appointing the proxy or by his attorney or agent duly authorised in terms of (i) a court order; or (ii) a power of attorney which was signed by the Member within the period of one year prior to the date of the meeting to which the proxy instrument relates; provided that such power of attorney may have been signed by the Member before that period of one year if the Member who signed the power of attorney is, by virtue of disability or incapacity, not able to sign a new power of attorney; or

22.7.1.2 in the case of a Corporate Member, the representative who has been authorised to represent that Corporate Member in accordance with 22.8.

- 22.7.2 A proxy need not be a Member.

22.7.3 Unless otherwise indicated in the instrument appointing a proxy to vote on behalf of a Member at a General Meeting, that instrument shall be deemed to confer authority to exercise all rights which that Member could have exercised at that General Meeting and shall accordingly include authority to speak at that General Meeting and to demand or join in demanding a poll or an adjournment.

22.7.4 The requirements for the validity of an instrument appointing a proxy are as follows –

22.7.4.1 save to the extent permitted in terms of 22.7.4.2, the original signed instrument shall be deposited at the Office not less than two clear Business Days prior to the date for holding the General Meeting (or any resumption of an adjourned General Meeting) at which the person named in the instrument proposes to vote; provided that, if it is signed by an attorney or agent in terms of a court order or power of attorney or by a representative in terms of 22.7.1.1, then the original signed instrument shall be deposited at the Office not less than five clear Business Days prior to the date for holding that General Meeting (or, if adjourned, any resumption thereof) and shall be accompanied by the original (or a certified copy of the) court order, power of attorney or board resolution under which it is signed;

22.7.4.2 that instrument may, if the Trustees so decide and then subject to such terms and conditions as the Trustees may decide, be completed and lodged by Electronic Medium;

22.7.4.3 that instrument shall be substantially in the following form or in such other form with instructions as the Trustees may approve, in either case under the heading of or referring to the Trust's name, and shall be completed and interpreted in accordance with the instructions contained therein -

22.8 **Representation of corporate members**

The board of directors of a Corporate Member may authorise any person to act as its representative and to exercise all of the rights of that Corporate Member in terms of this Deed, whether at a meeting of Members or otherwise. Any person so authorised to represent a Corporate Member may, subject to any limitations within that authority and to the Trust having first been provided with reasonably satisfactory proof as to the extent of that authority, exercise those rights without restriction. This 22.8 does not prevent a Corporate Member or any representative referred to in this 22.8 from appointing a proxy for the Corporate Member in accordance with this Deed.

22.9 Written resolutions

- 22.9.1 Subject to 22.9.3, any resolution of Members that could be voted on at a General Meeting may, if the Board proposes that resolution for adoption by written vote, instead be adopted by written vote of the Members conducted in accordance with 22.9.2, if it is voted upon by at least twenty-five Ordinary Members and it is supported by at least a majority of the votes cast thereon. Any such resolution shall be deemed to have been adopted on the last day of the period referred to in 22.9.2.
- 22.9.2 Any written resolution to be voted on in accordance with 22.9.1 shall be given to Members in accordance with 28.5 along with a voting paper for completion by Members. In order to vote on any such written resolution, Members shall be required to complete the voting paper in respect of that written resolution and return it to the Trust in accordance with 28.4 on or before the date stipulated for this purpose in the voting paper, which shall not be earlier than ten Business Days after the submission date on which that voting paper is given to the Members.
- 22.9.3 The items of business referred to in 22.3.1.1 and 22.3.1.3 which are required to be dealt with at an AGM may not be dealt with by written resolutions in terms of this 22.9. Written resolutions on the transactions and matters referred to in 12.1 to 12.3 shall only be valid if they are adopted in accordance with the applicable requirements of 12.1 to 12.3.

25 **AUDITOR**

- 25.1 The initial Auditor of the Trust shall be PricewaterhouseCoopers Inc.
- 25.2 At each AGM, the Members shall appoint an Auditor; provided that –
- 25.2.1 the Members may not appoint as Auditor any Person who has not been approved by the Audit Committee for this purpose after that Person has submitted to the Audit Committee proof of that Person's qualification to hold office in terms of 25.4 and the terms and conditions on which that Person is prepared to serve as Auditor; and
- 25.2.2 if a General Meeting does not replace the existing Auditor, the existing Auditor remains in office subject to the provisions of 25.5.
- 25.3 If at any time the Auditor ceases to serve as such for any reason other than his replacement at a General Meeting, the Board shall fill the resultant vacancy with another Auditor.
- 25.4 The Members and the Board shall not appoint as Auditor (or allow to remain in office as Auditor) any Person who, if the Trust was a company, could not be appointed as its auditor in terms of the Companies Act.
- 25.5 The Auditor shall hold office as such until –
- 25.5.1 he resigns as such; or
- 25.5.2 he ceases to be qualified to hold office as such in terms of 25.4; or
- 25.5.3 his appointment as such is terminated by the Trustees, who may terminate the appointment of the Auditor on account of any misconduct on the part of the Auditor or his firm or any breach of the contract between the Trust and the Auditor; or
- 25.5.4 he is replaced by the appointment of another Auditor at a General Meeting.

25.6 Subject to the provisions of this Deed, the Audit Committee shall determine the terms and conditions on which the Auditor shall be appointed.

25.7 The Auditor –

25.8 An Auditor may apply to a court for an appropriate order to enforce the rights set out in 25.7, and a court may –

25.8.1 make any order that is just and reasonable to prevent frustration of the Auditor's duties by the Trust or any of its Trustees or employees; and

25.8.2 make an order of costs personally against any Trustee whom the court has found to have wilfully and knowingly frustrated, or attempted to frustrate, the performance of the Auditor's functions.

26 **AUDIT COMMITTEE**

26.1 At each AGM, the Members shall elect an Audit Committee comprising at least three Trustees. A Trustee shall not be appointed to the Audit Committee if he –

- 26.1.3 is a material supplier or customer of the Group, such that a reasonable and informed third party would conclude in the circumstances that the integrity, impartiality or objectivity of that Trustee is compromised by that relationship. However, the fact that any Trustee participates in any Product or other benefit or service provided by the Group, and the value or extent of that participation and that Trustee's Apportionment Account, shall be disregarded for the purpose of determining whether that Trustee is disqualified from membership of the Audit Committee by this 26.1.3; or
- 26.1.4 is related (as defined in the Companies Act) to any Person who meets the criteria set out in 26.1.1, 26.1.2 or 26.1.3; or

 - 26.3.2 such of its other duties and powers as the Board may deem fit, taking into account –
 - 26.3.2.1 the nature of the Trust and its affairs;

26.3.2.2 the extent to which any Subsidiary of the Trust has an Audit Committee performing such functions; and

26.3.2.3 the functions which are assigned to an audit committee of a company in section 94(7) of the Companies Act.

27 **SECRETARY**

27.1 The Board shall appoint a Secretary who may be charged with all secretarial and administrative functions relating to the Trust, including those functions that could be performed by a company secretary if the Trust were a company.

28.2 Each Member who appointed a physical address, postal address, facsimile number or e-mail address for the purposes of communications with or his membership of PPS Holdco shall be deemed to have appointed that same physical address, postal address, facsimile number or e-mail address for the purposes of communications relating to the Trust and in particular the receipt of Member Information. The Trust shall, to the extent it deems fit, obtain one or more of such addresses/numbers from any new Member before that Person becomes a Member.

28.3 Each Trustee and each Member shall be entitled from time to time, by giving written notice to the Trust, to vary any physical address appointed by him to any other physical address (not being a post office box or *poste restante*) within South Africa and to vary any facsimile number and/or e-mail address appointed by him to any other facsimile number and/or e-mail address

respectively. Any such variation notice shall be effective as of the day after receipt thereof by the Trust.

28.4 Any Trustee or Member may give any notice to the Trust by giving it to the Secretary at the following physical address, postal address, e-mail address or facsimile number –

facsimile	-	(011) 644-4641
attention	-	the Secretary

or such other physical address, postal address, facsimile number or e-mail address as may be stipulated for this purpose by the Trust, whether on its internet website or otherwise.

28.5 Any notice given by the Trust or any Trustee, Member or other Entity to the Trust or any Trustee or Member ("**Addressee**") which is –

28.5.1 delivered by hand between the hours of 09:00 and 17:00 on any Business Day to the Addressee's physical address for the time being shall be deemed to have been received by the Addressee at the time of delivery;

- 28.6.2 provide Member Information to all Members by advertisement in any newspaper/s which circulate in at least Johannesburg, Cape Town and Durban, and any such Member Information shall be deemed to have been received by all Members on the date on which it is so advertised.
- 28.7 For the avoidance of doubt, it is recorded that the Trust is authorised to send Member Information to all Members in electronic format or through Electronic Medium; provided that if any Member specifically requests delivery to him/her of Member Information in paper format, the Trust shall as soon as practicable thereafter make such Member Information available (or, if practicable, send such Member Information) to that Member in paper format, but no such request shall detract from the validity of the giving of that Member Information in electronic format or through Electronic Medium.
- 28.8 Any notice actually received by a Trustee or a Member will constitute adequate notice to that Trustee or Member notwithstanding that it is not sent or delivered to an appointed address or facsimile number of that Trustee or Member.
- 28.9 Any notice in terms of or in connection with this Deed shall be valid and effective only if in writing and if received or deemed to be received by the Addressee.

PART F: TERMINATION OF THE TRUST

29 TERMINATION OF THE TRUST

- 29.2 the Trust is wound up.

PART G: LEGAL MATTERS

30 DISPUTES

For all purposes relating to the Trust and this Deed, each Trustee and each Member submits itself/himself/herself to the non-exclusive jurisdiction of the South Gauteng High Court, Johannesburg.

 - 31.1.4 the Prudential Authority has confirmed that it does not object to the proposed amendment.

- 31.2 For the avoidance of doubt, it is recorded that because PPS Holdco ceased to have any rights in terms of this Deed or in relation to the Trust with effect from the Implementation Date, this Deed may be amended without any reference to, or the approval of, PPS Holdco.

32 **GENERAL**

- 32.1 This Deed constitutes the sole record of terms of the Trust.
- 32.2 No indulgence or extension of time which the Trustees may grant to any Person shall constitute a waiver of or, whether by estoppel or otherwise, limit any of the existing or future rights of the Trust in terms hereof, save in the event and to the extent that the Board has signed a written document expressly waiving or limiting such right.
- 32.3 Each provision of this Deed is, notwithstanding the grammatical relationship between that provision and the other provisions of this Deed, severable from the other provisions of this Deed. Any provision of this Deed which is or becomes invalid, unenforceable or unlawful shall be treated as *pro non scripto* to the extent that it is so invalid, unenforceable or unlawful, without invalidating or affecting the remaining provisions of this Deed which shall remain of full force and effect. 3. FINANCIAL ADVISER

The Financial Adviser has a duty to furnish the policyholder with his personal details in the form of a Provider and Representative Disclosure Letter.

PPS Insurance is only responsible for the financial advice or intermediary services provided by a Financial Adviser that is an authorised representative of PPS Insurance if that Financial Adviser acts in terms of his contract with PPS Insurance.

4. COMMUNICATING WITH THE POLICYHOLDER

PPS Insurance can deal with the Policyholder and his affairs electronically and all parties must treat electronic communication (E-mail, fax, telephone etc.) as being the same as written communication, authority and confirmation. Where the Policyholder chooses to use such electronic methods to transact with PPS Insurance, the Policyholder will carry the risk of such use.

5. THE CONTRACT

The contract between the Policyholder and PPS Insurance is a life insurance policy.

Participation in the benefits under this contract is restricted to members of the Professional Provident Society Holdings Trust. The requirements for membership of the Professional Provident Society Holdings Trust are specified in the Trust Deed of the Professional Provident Society Holdings Trust. The latest Policy Certificate issued by PPS Insurance together with the PPS Provider™ Policy Document and any endorsement thereto, forms the contract between the Policyholder and PPS Insurance. The application form forms the basis of the contract between PPS Insurance and the Policyholder.

The PPS Provider™ Policy Document provides comprehensive information about all the products and benefits offered in terms of the PPS Provider™ Policy. Details of the products and benefits which are applicable to the Policyholder will be reflected on the latest Policy Certificate issued by PPS Insurance. The Policyholder must ensure that the information contained in the latest Policy Certificate issued by PPS Insurance correctly reflects the agreement between the Policyholder and PPS Insurance. If this is not the case the Policyholder must inform PPS Insurance in writing of the incorrect details. If a specific product and / or benefit is not reflected in the latest Policy Certificate issued by PPS Insurance, such product and / or benefit will not be applicable to the contract entered into between PPS Insurance and the Policyholder.

The version number of the PPS Provider™ Policy must correspond with the version number of the PPS Provider™ Policy as reflected on the latest Policy Certificate issued by PPS Insurance. It is possible that different versions of the PPS Provider™ Policy may be applicable to different products and / or benefits selected by the Policyholder.

6. AMENDING THE TERMS OF THE PPS PROVIDER™ POLICY

The Policyholder may from time to time require changes to the products, benefits or terms of the PPS Provider™ Policy as the Policyholder's circumstances change.

The PPS Provider™ Policy Document reflects the products, benefits or terms that can be changed and the circumstances under which such changes will be effected subject to the approval and / or conditions imposed by PPS Insurance.

Requests for changes should be in writing and in the manner prescribed by PPS Insurance from time to time, signed by the Policyholder and sent to PPS Insurance.

No changes to the initial contract will be valid unless PPS Insurance issues a new Policy Certificate reflecting the new products, benefits or terms. The latest Policy Certificate issued by PPS Insurance will always replace all previously issued Policy Certificates with respect to this policy.

If the policyholder applies to PPS Insurance for the reduction of the Sum Assured of any product or benefit, PPS Insurance can allow the reduction in its sole discretion and upon terms and conditions, including minimum Sum Assured as determined by PPS Insurance from time to time. Upon the reduction of the Sum Assured the last additional cover taken out will be reduced first. This will lead to the removal of loadings and exclusions relating solely to the portion of the Sum Assured being cancelled.

Please refer to the sections titled BENEFICIARIES and CESSIONS for the requirements regarding cession notifications and beneficiary nominations.

PPS Insurance may change the contractual terms of the policy, without compensating the Policyholder, if any laws or practices affecting this policy are changed.

PPS Insurance may in its sole discretion, by way of endorsement:

- amend or rescind any of the provisions contained in this policy; and
- make new provisions in addition to or in substitution of any of the provisions contained in this policy.

All premiums paid by the Policyholder to PPS Insurance in terms of the cancelled insurance transaction shall be refunded to the Policyholder subject to the deduction of the cost of any risk cover actually enjoyed by the Policyholder.

An “insurance transaction” means the entering into or amendment of a policy and includes variations of such policy, for example the purchase of additional products or benefits or cancellation of products or benefits, resulting in a change to the premium, products and / or benefits in terms of the policy. The cooling off period is not applicable to any contractually pre-determined or determinable variation.

Please refer to the specific products or benefits in this PPS Provider™ Policy Document to determine whether any benefits will be payable to the Policyholder upon such cancellation.

The Policyholder acknowledges being aware that a cancellation as aforementioned or the replacement of a policy may, for various reasons, not be in the interest of the Policyholder. When a policy is replaced by another insurance policy the Policyholder must complete the appropriate replacement form and annex it to the application form for the replacement policy.

If the Policyholder cancels the PPS Provider™ Policy or products or benefits in terms of the PPS Provider™ Policy, PPS Insurance will not be liable for the payment of any Sum Assured or portion thereof in respect of the products or benefits that were cancelled, after the last day of the calendar month during which PPS Insurance received the written cancellation notice from the Policyholder.

Beneficiaries will be entitled to the percentage of the Sum Assured as reflected on the **PPS Insurance Beneficiary Nomination Form**, including any electronic variation of such form as prescribed by PPS Insurance from time to time, and Policy Certificate, payable in terms of specific benefits upon the death of the Policyholder.

The Policyholder is also entitled to nominate a second beneficiary ("secondary beneficiary") in respect of each nominated beneficiary ("primary beneficiary"). - FUNCTIONAL DISABILITY BENEFIT in the event of a valid claim.

Upon payment of the amount ceded to the security cessionary by PPS Insurance, the partial security cession will be cancelled.

The aforementioned products may not be part ceded as security for an amount of less than R250 000 or such other amount that PPS Insurance, in its sole discretion, may decide on from time to time.

The aforementioned products may be part ceded to more than one security cessionary, but it may never be part ceded to more than 4 different security cessionaries at the same time.

4. A part security cession will not cancel or otherwise affect the nomination of beneficiaries by the Policyholder, but the part security cession will take precedence over the nomination of beneficiaries. Any benefits payable in excess of the amounts payable to the part security cessionaries will be paid by PPS Insurance to the nominated beneficiaries. Accordingly, all amounts ceded to the part cessionary/ies will be a first charge against the insurance benefits, and the beneficiaries will be entitled to only the balance, if any, after discharge of the Policyholder's liability to the cessionary/ies secured by the cession.

1. PPS Insurance will issue a new Policy Certificate on which the security cessionary will no longer be reflected as a security cessionary.
2. The rights of the security cessionary will terminate.

17. CHANGE OF OCCUPATION

The Policyholder will inform PPS Insurance in writing of a change in the life insured's occupation; or if the life insured is no longer substantially practising the occupation reflected on the latest Policy Certificate issued by PPS Insurance, within 30 days from the date on which the life insured changed his occupation or no longer substantially practices the occupation reflected on the latest Policy Certificate issued by PPS Insurance.

PPS Insurance is entitled, in its sole discretion:

- to cancel the PPS Provider™ Policy or products or benefits there under from the end of the month during which the life insured's occupation changed or the life insured no longer substantially practices the occupation reflected on the latest Policy Certificate issued by PPS Insurance. If PPS Insurance cancels the PPS Provider™ Policy or benefits there under, PPS Insurance will return all premiums paid from the date of cancellation, but PPS Insurance will be entitled to deduct all costs incurred as a result of the Policyholder's failure to inform PPS Insurance as aforesaid before refunding the premiums.
- to review the terms of the products or benefits granted from the end of the month during which the life insured's occupation changed or the life insured no longer substantially practices the occupation reflected on the latest Policy Certificate issued by PPS Insurance. If PPS Insurance changes the terms or the benefits, PPS Insurance will inform the Policyholder of the new terms and a new Policy Certificate reflecting the new terms will be issued.
- to allow the Policyholder to retain the PPS Provider Policy or products or benefits there under for such further periods, and subject to such further conditions, as PPS Insurance in its discretion may decide.

18. CHANGES IN SMOKING STATUS

Premiums may be paid on smoking or non-smoking rates depending on the smoking status of the life insured. The smoking status of the life insured is reflected on the latest Policy Certificate issued by PPS Insurance.

A Policyholder who is paying a premium based on smoking rates may apply to PPS Insurance to pay a premium as a non-smoker provided that:

- The life insured undergoes a cotinine test at the time of applying for any cover or increased cover confirming his status as a non-smoker; and
- After a waiting period of twelve months a further cotinine test performed on the life insured confirms his status as a non-smoker.
- The life insured may be obliged to undergo a further cotinine test at the time of making any claim.
- The premium will revert to smoker rates from the beginning of any month in which the life insured starts smoking again.

PPS Insurance may allow the change of the premium based on smoking rates to a premium based on non-smoking rates in its sole discretion and upon terms and conditions as determined by PPS Insurance from time to time.

The Policyholder must inform PPS Insurance in writing if the life insured starts smoking.

The Policyholder warrants that the life insured will be a non-smoker as long as premiums are paid on non-smoking rates.

PPS Insurance is entitled to review the terms of the policy if the life insured starts smoking.

19. MATERIAL NON-DISCLOSURES and MISREPRESENTATIONS

If the Policyholder made any representation to PPS Insurance which representation is not true in all respects; or if the Policyholder failed to disclose any information to PPS Insurance, which information materially affected the assessment of the risk by PPS Insurance at the time of the issue or at the time of any variation of the policy, PPS Insurance may in its discretion:

- terminate from the date of such misrepresentation or from any date thereafter, this PPS Provider™ Policy or terminate the products or benefits to which such misrepresentation relates or exclude from such cover any product or benefit to which the misrepresentation relates; or
- impose any additional premium, limitation or condition which it could have imposed had such misrepresentation not been made with effect from such date as PPS Insurance may determine.

The Policyholder has an obligation to disclose all material information. If there has been a deterioration in the state of health of the life insured between the date of his application for any products or benefits in terms of the PPS Provider™ Policy and the date on which the entitlement to the product or benefit commences, the policyholder must advise PPS Insurance in writing of such a deterioration of health, upon which PPS Insurance will be entitled in its absolute discretion, to re-assess the risk and the conditions upon which the cover was granted.

A representation or non-disclosure shall be regarded as material if a reasonable, prudent person would consider that the particular information constituting the representation or which was not disclosed, as the case may be, should have been correctly disclosed to PPS Insurance so that PPS Insurance could form its own view as to the effect of such information on the assessment of the relevant risk.

PPS Insurance will adjust the product and / or benefit if the life insured's date of birth was misrepresented to PPS Insurance. The adjusted product and / or benefit will be equal to that which could have been secured by the premiums paid, if the correct age was disclosed. If the product and / or benefit would not have been granted had the life insured's correct age been disclosed, PPS Insurance will cancel the product and / or benefit from inception. Upon cancellation as aforesaid, PPS Insurance will return the premiums from the date of cancellation after deducting all costs and expenses incurred by PPS Insurance.

The Policyholder has a continuous duty of good faith whenever dealing with PPS Insurance for the duration of this policy. PPS Insurance will be entitled to cancel the policy, products or benefits from inception if the policyholder breaches this duty of good faith in any way.

20. PREMIUMS

The premium initially payable by the Policyholder in respect of the products and benefits selected by the Policyholder is reflected in the latest Policy Certificate issued by PPS Insurance.

The premium pattern can be:

- **Age Related:** the premiums increase each year on the 1st of the month following the life insured's birthday or on such a date or intervals as determined by PPS. The increases may follow the underlying risk curve applicable to the benefits as determined by PPS Insurance in its sole discretion or may be a pre-determined percentage increase. The pre-determined increases are reflected on the latest Policy Certificate issued by PPS Insurance.

- **PPS Whole Life:** the premiums increase each year on the 1st of the month following the life insured's birthday. The percentage increases pre-retirement are based on PPS Insurance's expectation of a typical professional's likely earnings progression pre-retirement, and for post-retirement are based on current expectations of inflation. The percentage increases combine initial affordability (where earnings increases at younger ages are low) with subsequent increases in the professional's significant earning years, which allows PPS Insurance to restrict post-retirement premium increases to be more closely aligned to current expectations of inflation, rather than the underlying risk curve increases. The percentage increases are determined by PPS Insurance in its sole discretion. This premium pattern is applicable to whole life benefits.
- **Level:** a level premium pattern may be selected on certain products. The premium pattern selected is reflected on the latest Policy Certificate issued by PPS Insurance.

The premium pattern applicable to the respective products or benefits is reflected on the latest Policy Certificate issued by PPS Insurance.

At the sole discretion of PPS Insurance, annual increases in benefits may be declared to reduce the eroding effects of inflation. Benefits will increase by the declared percentage for effective cover on the 1st of January each year. The premium for additional benefits will be based on the life insured's age next birthday at the time of the increase. Notwithstanding anything else contained in this Provider™ Policy, a Policyholder who has reached the age of 71 years shall not receive any declared annual increases in his benefits on the 1st of January of any year unless such a Policyholder has specifically instructed PPS Insurance to increase his benefits with the declared percentage for that year.

The premium rates are not guaranteed and may be revised from time to time at the discretion of PPS Insurance. Policyholders will be given notice in advance of any changes to the premiums.

Premiums are payable monthly, quarterly, semi-annually or annually in advance. For products and / or benefits that the policyholder had on or before 1 June 2010, a discount of 5% will be granted on premiums paid twelve months in advance and a discount of 2.5% will be granted on premiums paid six months in advance.

A premium will be regarded as being paid once PPS Insurance's bank account has been credited and provided that payment is not subsequently reversed.

Subject to the provisions of paragraphs 24.1 and 24.2 of this Policy Document, all products and benefits in terms of this PPS Provider™ Policy are suspended until PPS Insurance receives the first premium payable in respect of that benefit.

Premiums shall be paid on or before the fifteenth day of the month in which the premium is payable.

PPS Insurance will inform the Policyholder of a premium default if the premiums are not paid on the due date. If the premiums are not paid within sixty days from the due date PPS Insurance will calculate the remaining value of such a Policyholder's Provider™ Policy (if any), in accordance with the rules prescribed by PPS Insurance in terms of the relevant provisions of the Long-Term Insurance Act No. 52 of 1998, as substituted and/or amended from time to time, and will deal with such a Policyholder's policy, product or benefit accordingly. In the event that the Policyholder's Provider™ Policy has no remaining value, or in the event that the remaining value is insufficient as determined with reference to the prescribed rules, PPS Insurance will cancel the policy, product or benefit in respect of which the premium is outstanding and no further benefits in terms of the cancelled policy, product or benefit will be available to the Policyholder.

If, within three calendar months after the date of cancellation of the policy, product or benefit by PPS Insurance due to the non-payment of premiums, the Policyholder applies to PPS Insurance in the manner prescribed by PPS Insurance for the policy, product or benefit to be reinstated, PPS Insurance may at its discretion and on receipt of such medical evidence as it may require, reinstate the policy, product or benefit from the date of cancellation or any subsequent date subject to such conditions as it may determine.

Premiums may be paid on smoking or non-smoking rates depending on the smoking status of the life insured. Please refer to the section titled CHANGES IN SMOKING STATUS.

Premiums are payable until the termination of the policy, product or benefit in respect of that premium. Premiums will remain payable even in the event of a claim being admitted in respect of a benefit, unless the PPS Provider™ Policy specifically states that no further premiums will be payable by the policyholder or PPS Insurance informs the policyholder in writing that no further premiums are payable.

Temporary Cessation of Payment of Premiums

The Policyholder may be entitled to a temporary cessation of payment of premiums in respect of premiums for the SICKNESS AND PERMANENT INCAPACITY BENEFIT; TERM CRITICAL ILLNESS COVER (which includes

CATCHALL and PREGNANCY COMPLICATIONS COVER), WHOLE LIFE CRITICAL ILLNESS COVER (which includes CATCHALL, PREGNANCY COMPLICATIONS COVER, EXPANDER RIDER BENEFIT and EXACT RIDER BENEFIT), TERM PPS CRITICAL ILLNESS COVER with CORE 100% COVER (which includes CATCHALL, PREGNANCY COMPLICATIONS COVER, EXPANDER RIDER BENEFIT and EXACT RIDER BENEFIT), WHOLE LIFE PPS CRITICAL ILLNESS COVER with CORE 100% COVER (which includes CATCHALL, PREGNANCY COMPLICATIONS COVER, EXPANDER RIDER BENEFIT and EXACT RIDER BENEFIT), TERM PPS CRITICAL ILLNESS COVER with CI 100% COVER (which includes CATCHALL, PREGNANCY COMPLICATIONS COVER, EXPANDER RIDER BENEFIT and EXACT RIDER BENEFIT), WHOLE LIFE PPS CRITICAL ILLNESS COVER with CI 100% COVER (which includes CATCHALL, PREGNANCY COMPLICATIONS COVER, EXPANDER RIDER BENEFIT and EXACT RIDER BENEFIT), OCCUPATIONAL DISABILITY PROVIDER, OCCUPATIONAL DISABILITY PROVIDER (with OSRB) and/or the FUNCTIONAL DISABILITY PROVIDER.

A policyholder who has paid premiums for at least three months can apply to PPS Insurance in writing in the manner prescribed by PPS Insurance for a temporary cessation of payment of premiums prior to the cessation of premiums. PPS Insurance will inform the policyholder in writing whether it will allow a temporary cessation of premiums. PPS Insurance will not allow a temporary cessation of premiums during any period when the policy is ceded.

A policyholder can apply to PPS Insurance in writing in the manner prescribed by PPS Insurance for an extension of the abovementioned period at least 2 months before the end of the expiry of the period. PPS Insurance will inform the policyholder in writing whether it will allow an extension of the temporary cessation of payment of premiums.

In exercising its discretion, PPS Insurance may from time to time impose and amend the conditions upon which any temporary cessation of payment of premiums will be granted or extended including conditions relating to the period or maximum period or any extension thereof, the manner of application for such indulgence, the requirements of PPS Insurance as to medical and financial underwriting prior to resumption of payment of premiums, the amount of premiums to be paid on resumption thereof, the total number of periods of temporary cessation permitted during the period of the policy and the premiums to which the indulgence applies.

The policyholder may in the absolute discretion of PPS Insurance retain his benefit for a period not exceeding 12 months without payment of premiums in respect of such period provided that all premiums due up to the commencement of the period have been paid. An insured event that occurs during this period, and the three months following the expiry of such period, will be excluded.

If the policyholder wishes to reduce the period of the cessation of premiums after PPS Insurance agreed to the temporary cessation in writing, PPS Insurance may at its discretion and on receipt of such medical evidence as it may require, reduce the period of cessation of premiums subject to such conditions and terms as it may determine. The aforementioned conditions and terms may include loadings or exclusions.

21. THE CLAIMS PROCESS

If the life insured fails to undergo the medical examination PPS Insurance will not pay benefits in respect of the claim.

PPS Insurance is entitled to deduct from any benefits payable in terms of this policy any sum or sums owing by the Policyholder to PPS Insurance.

Unclaimed Benefits

In the event that the policyholder becomes entitled to payment of any benefits in terms of the PPS Provider Policy, such benefits will be paid into the premium paying account of the policyholder. In the event that the policyholder becomes entitled to Profit-Share Account benefits prior to vesting, such benefits will also be paid into the premium paying account of the policyholder. Where the premium paying account of the policyholder is no longer active, or where it is for other reasons not possible for PPS Insurance to pay benefits into a premium paying account belonging to the policyholder, PPS Insurance will attempt to contact the policyholder in order to obtain instructions in respect of the bank account into which the above benefits should be paid. In the event that PPS Insurance, despite its reasonable efforts to contact the

policyholder, is unsuccessful in obtaining instructions from the policyholder as aforesaid such benefits will be deemed to be unclaimed benefits and will not be paid out until PPS received clear instructions on payment from the policyholder.

Where benefits are due and payable to beneficiaries under this policy PPS Insurance will also pay out such benefits if and when PPS Insurance receives a clear instruction on payment from the beneficiaries. In the event that PPS Insurance, despite its reasonable efforts to contact a beneficiary, is unsuccessful in obtaining instructions from the beneficiary as aforesaid such benefits will also be deemed to be unclaimed benefits and will not be paid out until PPS Insurance received clear instructions on payment.

PPS will comply with the Association for Savings and Investment SA (ASISA's) prescribed tracing process in its attempts to procure instructions from the policyholder or beneficiaries, as the case may be. - PPS Insurance will cease all attempts to trace the policyholder in the event that the remaining value of the unclaimed benefits is less than the minimum value prescribed by ASISA from time to time (R 1000. 00 as at 1 June 2013) and the costs of tracing exceed the benefits of tracing.

More than 1 valid claim can therefore be paid from the same or different benefit category. The benefit paid will then differ for Related Claims and Unrelated Claims.

- Progressive Claims:
If a member's condition or illness (for which s/he has previously claimed under this benefit) has progressed and the member qualifies for a higher payment percentage, then the benefit amount payable will be equal to the additional percentage payout for the higher severity, multiplied by the original full sum assured (increased with Auto Increases).
- Related Claims:
A related claim is a condition or illness which is directly or indirectly related to a past claim where, as evidenced by published relevant medical research, the subsequent condition is either a complication of, outcome of, or treatment for, any previous illness or condition resulting in an existing payment under this benefit; or an event that shares a common cause or effect with any previous illness or condition resulting in a claim under this benefit.

Subsequent related claims will only be considered if the claim event is more severe than the previous related claim. The benefit amount to be paid will be equal to the increased percentage payout for the higher severity, multiplied by the latest (remaining) Sum Assured.
- Unrelated Claims:
Subsequent unrelated claims will receive a benefit amount equal to the percentage pay-out for the claim multiplied by the remaining sum assured, irrespective of the relative severity of previous unrelated claims.

The Policyholder will inform PPS Insurance in writing of a change in the life insured's occupation. Please refer to the section titled CHANGE OF OCCUPATION.

The Policyholder who applies for FUNCTIONAL DISABILITY BENEFIT will have a choice of whether his claim events should be assessed based on the claim definitions under the FUNCTIONAL DISABILITY BENEFIT or under both the FUNCTIONAL DISABILITY BENEFIT and the OCCUPATIONAL DISABILITY BENEFIT (with or without OSRB). In the event that the Policyholder has chosen the claim definitions under both the FUNCTIONAL DISABILITY BENEFIT and the OCCUPATIONAL DISABILITY BENEFIT (with or without OSRB), his FUNCTIONAL DISABILITY BENEFIT will be synchronised and premiums may be discounted at the sole discretion of PPS Insurance. Any claim event that occurs will first be assessed in accordance with the claim definitions under the OCCUPATIONAL DISABILITY BENEFIT (with or without OSRB) and should it not meet the claim assessment criteria in terms of the claim definitions under the OCCUPATIONAL DISABILITY BENEFIT (with or without OSRB) it will then be assessed in accordance with the claim definitions under the FUNCTIONAL DISABILITY BENEFIT. Only one benefit payment can be made for any claim where the Policyholder has chosen the claim definitions under both the FUNCTIONAL DISABILITY BENEFIT and the OCCUPATIONAL DISABILITY BENEFIT (with or without OSRB).

The TERM ACCELERATED CRITICAL ILLNESS COVER BENEFIT with CI 100% COVER is paid subject to a general survival period of 14 days together with any further survival period reflected in Appendix A. The life insured must survive for a period of 14 days after the event occurs or the condition is diagnosed.

Increase in premiums

The premium pattern is reflected on the latest Policy Certificate issued by PPS Insurance.

At the sole discretion of PPS Insurance, annual increases in benefits may be declared to reduce the eroding effects of inflation. Benefits will increase by the declared percentage for effective cover on the 1st of January each year. The premium for additional benefits will be based on the life insured's age next birthday at the time of the increase. Notwithstanding anything else contained in this Provider™ Policy, a Policyholder who has reached the age of 71 years shall not receive any declared annual increases in his benefits on the 1st of January of any year unless such a Policyholder has specifically instructed PPS Insurance to increase his benefits with the declared percentage for that year.

Child Critical Illness Benefit

The Policyholder will be entitled to claim a lump sum benefit of an amount equal to 10% of the Sum Assured of the Policyholder's TERM ACCELERATED CRITICAL ILLNESS COVER with CI 100% COVER up to a maximum of R250 000, subject to all of the requirements for TERM ACCELERATED CRITICAL ILLNESS COVER with CI 100% COVER and severity levels, as set out herein and Appendix A.

For the purpose of the Child Critical Illness Benefit a "Child" shall mean a person who is either a biological Child, a legally adopted Child, or a step Child of the Policyholder and who is the biological or legally adopted child of the spouse of the Policyholder, at the date of diagnosis of the illness which gave rise to a claim under the Child Critical Illness Benefit, and who is under the age of 21 years old. The Policyholder's cover will therefore commence on the later date

of the date when the Child is born or on the commencement date of the Policy and cover will cease on the Child's 21st birthday.

Upon receipt of any claim under the Child Critical Illness Benefit, PPS Insurance may request the Policyholder to submit such proof as PPS Insurance, in its sole discretion, may require in order to satisfy itself that the requirements for a valid claim under the Child Critical Illness Benefit have been met. This may include, but will not necessarily be limited to, proof of hospitalisation, medical reports from the Child's treating doctors, a copy of the unabridged birth certificate of the Child, a copy of the official adoption court order and/or official proof of the registration of the adoption with the Registrar of Adoptions, etc. Children will not be medically underwritten nor will any information or data be collected or stored at application stage.

Exclusions specific to Child Critical Illness Benefit:

No claim will be paid under the Child Critical Illness Benefit for any condition that existed in the Child prior to the date on which the Policyholder became eligible for the Child Critical Illness Benefit and this exclusion applies where any symptoms experienced by the Child could have revealed the illness or condition prior to the Policyholder becoming eligible for the Child Critical Illness Benefit.

38. WHOLE LIFE ACCELERATED CRITICAL ILLNESS COVER BENEFIT with CI 100% COVER

The WHOLE LIFE ACCELERATED CRITICAL ILLNESS COVER BENEFIT with CI 100% COVER is only available to Policyholders who have WHOLE LIFE COVER ("LIFE COVER"). Each WHOLE LIFE ACCELERATED CRITICAL ILLNESS COVER BENEFIT with CI 100% COVER will be linked to one specific LIFE COVER benefit as reflected on the latest Policy Certificate issued by PPS Insurance.

If the life insured suffers from and meets the claims criteria of any of the dread diseases, trauma and physical impairments listed in Appendix A, PPS Insurance will pay a percentage of the Sum Assured in respect of the WHOLE LIFE ACCELERATED CRITICAL ILLNESS COVER BENEFIT with CI 100% COVER according to the Severity Level as indicated in Appendix A.

The WHOLE LIFE ACCELERATED CRITICAL ILLNESS COVER BENEFIT with CI 100% COVER will commence on the commencement date reflected on the latest Policy Certificate issued by PPS Insurance.

The WHOLE LIFE ACCELERATED CRITICAL ILLNESS COVER BENEFIT with CI 100% COVER will end automatically on the first of the following events occurring:

- Death of the life insured; or
- Cancellation by the Policyholder; or
- Cancellation of the benefit by PPS Insurance; or
- When the Policyholder no longer has the LIFE COVER to which the WHOLE LIFE ACCELERATED CRITICAL ILLNESS COVER BENEFIT with CI 100% COVER is linked.
- 100% of the Sum Assured in respect of the WHOLE LIFE ACCELERATED CRITICAL ILLNESS COVER BENEFIT with CI 100% COVER has been paid out.

The Benefits due in terms of the WHOLE LIFE ACCELERATED CRITICAL ILLNESS COVER BENEFIT with CI 100% COVER are a proportion of the Sum Assured calculated according to the Severity Level of the event as defined in Appendix A of which there shall be four severity levels namely:

- 100% of the Sum Assured.
- 25% of the Sum Assured.
- 10% of the Sum Assured.
- 5% of the Sum Assured.

More than 1 valid claim can be paid from the same or different benefit category. The benefit paid will be the Sum Assured according to the Severity Level thereof less any claims, from the same or different benefit category, previously paid.

The LIFE COVER to which the WHOLE LIFE ACCELERATED CRITICAL ILLNESS COVER BENEFIT with CI 100% COVER is linked will be reduced with the amount paid in terms of the WHOLE LIFE ACCELERATED CRITICAL ILLNESS COVER BENEFIT with CI 100% COVER. After the reduction of the Sum Assured of the LIFE COVER as aforesaid, the premium payable in respect of the reduced LIFE COVER will be reduced or, where the LIFE COVER Sum Assured is reduced to R0, the LIFE COVER will automatically end.

Sum Assured

The initial Sum Assured in respect of the WHOLE LIFE ACCELERATED CRITICAL ILLNESS COVER BENEFIT with CI 100% COVER is reflected on the latest Policy Certificate issued by PPS Insurance.

Declared annual increases will increase the Sum Assured on the 1st of January each year at the discretion of PPS Insurance, without proof of insurability. Upon such an increase, the premium will increase accordingly.

The Sum Assured can never be more than the Sum Assured in respect of the LIFE COVER to which the WHOLE LIFE ACCELERATED CRITICAL ILLNESS COVER BENEFIT with CI 100% COVER is linked. If the LIFE COVER to which the WHOLE LIFE ACCELERATED CRITICAL ILLNESS COVER BENEFIT with CI 100% COVER is linked is reduced for any reason, and such reduction has the effect that the Sum Assured in respect of the WHOLE LIFE ACCELERATED CRITICAL ILLNESS COVER BENEFIT with CI 100% COVER is more than the Sum Assured in respect of the LIFE COVER, the Sum Assured for the WHOLE LIFE ACCELERATED CRITICAL ILLNESS COVER BENEFIT with CI 100% COVER will automatically be reduced to an amount equal to the Sum Assured in respect of the LIFE COVER and the premium payable in respect of the reduced WHOLE LIFE ACCELERATED CRITICAL ILLNESS COVER BENEFIT with CI 100% COVER will be reduced.

This takes into account all parts of the body that may be affected. There shall be three severity levels namely:

If a valid claim is submitted under the CATCHALL COVER BENEFIT for a condition that is the same or related to a claim already paid under the BASIC BENEFIT, CATCHALL COVER or PREGNANCY COMPLICATIONS COVER, the benefit payable will be the percentage benefit the life insured qualifies for in terms of the CATCHALL COVER less the percentage benefit that was already paid.

A related claim is a condition or illness which is directly or indirectly related to a past claim where, in the opinion of PPS Insurance, the subsequent condition is either a complication of, outcome of, or treatment for, any previous illness or condition resulting in an existing payment under this policy; or an event that shares a common cause or effect with any previous illness or condition resulting in a claim under this benefit.

56FUNCTIONAL DISABILITY PROVIDER

If the life insured suffers from and meets the claims criteria of any of the functional disability impairments listed in Appendix F, PPS Insurance will pay a percentage of the Sum Assured in respect of the FUNCTIONAL DISABILITY PROVIDER according to the payment percentages as indicated in Appendix F.

The FUNCTIONAL DISABILITY PROVIDER will commence on the commencement date reflected on the latest Policy Certificate issued by PPS Insurance.

The FUNCTIONAL DISABILITY PROVIDER will end automatically on the first of the following events occurring:

- Death of the life insured; or
- Cancellation by the Policyholder; or

- 75% of the Sum Assured.
- 50% of the Sum Assured.

More than 1 valid claim can therefore be paid from the same or different benefit category. The benefit paid will then differ for Related Claims and Unrelated Claims.

- **Progressive Claims:**

If a member's condition or illness (for which s/he has previously claimed) has progressed and the member qualifies for a higher payment percentage, then the benefit amount payable will be equal to the additional percentage payout for the higher severity, multiplied by the original full sum assured as at the first claim date (increased with Auto Increases).

- **Related Claims:**

A related claim is a condition or illness which is directly or indirectly related to a past claim where, as evidenced by published relevant medical research, the subsequent condition or illness is either a complication of, outcome of, or treatment for, any previous illness or condition resulting in an existing payment under this benefit; or an event that shares a common cause or effect with any previous illness or condition resulting in a claim under this benefit.

Subsequent related claims will only be considered if the claim event is more severe than the previous related claim. The benefit amount to be paid will be equal to the increased percentage payout for the higher severity, multiplied by the latest (remaining) Sum Assured.

- **Unrelated Claims:**

Subsequent unrelated claims will receive a benefit amount equal to the percentage pay-out for the claim multiplied by the remaining sum assured, irrespective of the relative severity of previous unrelated claims.

The Policyholder who applies for PROFESSIONAL DISABILITY PROVIDER™ PRODUCT will have a choice of whether his claim events should be assessed based on the claims definitions under the FUNCTIONAL DISABILITY PROVIDER or under OCCUPATIONAL DISABILITY PROVIDER (with or without OSRB) or under both the FUNCTIONAL DISABILITY PROVIDER and the OCCUPATIONAL DISABILITY PROVIDER (with or without OSRB). In the event that the Policyholder has both the FUNCTIONAL DISABILITY PROVIDER and the OCCUPATIONAL DISABILITY PROVIDER (with or without OSRB), his PROFESSIONAL DISABILITY PROVIDER™ PRODUCT will be synchronised and premiums may be discounted at the sole discretion of PPS Insurance. The Sum Assured for both the FUNCTIONAL DISABILITY PROVIDER and the OCCUPATIONAL DISABILITY PROVIDER (with or without OSRB) will be the same and any claim event that occurs will first be assessed under the OCCUPATIONAL DISABILITY PROVIDER (with or without OSRB) and should it not meet the claim assessment criteria under the OCCUPATIONAL DISABILITY PROVIDER (with or without OSRB), it will then be assessed under the FUNCTIONAL DISABILITY PROVIDER. Only one benefit payment can be made for any claim where the Policyholder has both the FUNCTIONAL DISABILITY PROVIDER and the OCCUPATIONAL DISABILITY PROVIDER (with or without OSRB). Once the full Sum Assured has been paid, both the FUNCTIONAL DISABILITY PROVIDER and the OCCUPATIONAL DISABILITY PROVIDER (with or without OSRB) will terminate. Please refer to the sections titled OCCUPATIONAL DISABILITY PROVIDER and OCCUPATIONAL DISABILITY PROVIDER (with OSRB).

Notwithstanding anything else contained in this ProviderTM Policy, a Policyholder who has reached the age of 71 years shall not receive any declared annual increases in his benefits on the 1st of January of any year unless such a Policyholder has specifically instructed PPS Insurance to increase his benefits with the declared percentage for that year.

57 SICKNESS AND PERMANENT INCAPACITY

The Sickness and Permanent Incapacity Benefit consists of the Sick Pay Benefit, including the Actual Business Expense Benefit, and the Permanent Incapacity Benefit. The benefits applicable to, or where appropriate the benefits selected by, each Policyholder or Student Policyholder will be reflected in the latest Policy Certificate issued by PPS Insurance.

If a Sickness and Permanent Incapacity Policyholder is unable to attend to his usual professional duties due to sickness or permanent incapacity as defined in the PPS Provider™ Policy, PPS Insurance will pay a Sick Pay Benefit or Permanent Incapacity Benefit due in terms of the SICKNESS AND PERMANENT INCAPACITY BENEFIT, subject to the terms and conditions set out in the PPS Provider™ Policy.

If a PPS KickStart Policyholder is unable to attend to his usual professional duties due to sickness as defined in the PPS Provider™ Policy, PPS Insurance will pay a Sick Pay Benefit due in terms of the PPS KICKSTART SICKNESS BENEFIT, subject to the terms and conditions set out in the PPS Provider™ Policy.

The SICKNESS AND PERMANENT INCAPACITY BENEFIT and PPS KICKSTART SICKNESS BENEFIT will commence on the commencement date reflected on the latest Policy Certificate issued by PPS Insurance.

The SICKNESS AND PERMANENT INCAPACITY BENEFIT will end on the first of the following events occurring:

- death of the Policyholder;
- cancellation by the Policyholder;
- termination of the PPS Provider™ Policy or cancellation of the SICKNESS AND PERMANENT INCAPACITY BENEFIT by PPS Insurance as provided for in the contract;
- at the end of the month during which the Policyholder retires from practice or is, in the opinion of PPS Insurance, no longer substantially practicing his profession;
- upon the Policyholder reaching the respective expiry ages for the Sick Pay Benefit and Permanent Incapacity Benefit as reflected in the latest Policy Certificate issued by PPS Insurance, provided that if the Policyholder is in receipt of a Permanent Incapacity Benefit in terms of his contract on the day that he reaches the expiry age for the Permanent Incapacity Benefit both his Sick Pay Benefit and Permanent Incapacity Benefit will end;
- where the Policyholder is a Student Policyholder in terms of his contract, on the day that he attains the age of 34 years, if, on the day before he attains this age, he had not yet qualified for the relevant degree or other tertiary qualification required by PPS Insurance for membership of the Professional Provident Society Holdings Trust or he had not yet commenced practicing an eligible occupation as determined by PPS Insurance at its discretion from time to time. If the failure to qualify or to commence practicing an eligible occupation is as a result of an accident or illness for which the policyholder is receiving a total permanent incapacity award, the policy will continue for as long as the policyholder continues to meet the criteria for a total permanent incapacity award.

The PPS KICKSTART SICKNESS BENEFIT will end on the first of the following events occurring:

- death of the Policyholder;
- cancellation by the Policyholder;
- termination of the PPS Provider™ Policy or cancellation of the Sick Pay Benefit by PPS Insurance as provided for in the contract;
- on the day the Policyholder attains the age of 34 years.

The PPS KICKSTART SICKNESS BENEFIT consists of the Sick Pay Benefit only, i.e. a Policyholder does not have the Permanent Incapacity Benefit.

SICK PAY BENEFIT

The waiting period in respect of the Sick Pay Benefit will be reflected in the latest Policy Certificate issued by PPS Insurance and can be either a 7 day or a 30 day waiting period.

7 day waiting period: The Policyholder will qualify for a Total Sick Pay Benefit if he was totally unable to carry out his professional duties for at least seven consecutive days due to sickness. The Total Sick Pay Benefit will be paid retrospectively from the first day of his inability to carry out his professional duties due to sickness. The Policyholder will only be deemed to be totally unable to carry out his professional duties where he is totally unable to carry out any of his professional duties due to sickness. If he is able to carry out some of his professional duties, even on a very limited scale, he does not qualify for a Total Sick Pay Benefit. If, however, after a period of qualifying for a Total Sick Pay Benefit as set out before for at least seven consecutive days, the Policyholder recovered to such extent that he is able to carry out at least some of his professional duties, but due to the same sickness he is not able to carry out his normal duties or work his normal hours, he may qualify for a Partial Sick Pay Benefit. If a subsequent claim for a Sick Pay Benefit is

submitted to PPS Insurance following a previous successful claim for the same condition, the 7 day waiting period will be waived by PPS Insurance and the Policyholder will qualify for a Total or Partial Sick Pay Benefit, whichever is applicable, from the first day on which he is unable to carry out his professional duties due to sickness.

If a Policyholder to whom the 7 day waiting period applies is not totally unable to carry out his professional duties for at least seven consecutive days as described above, such Policyholder may still qualify for a Sick Pay Benefit under the 30 day waiting period as described hereunder.

30 day waiting period: The Policyholder will qualify for a Sick Pay Benefit provided that he is unable, either totally or partially, to carry out his professional duties for at least 30 consecutive days due to sickness. In such an event the Sick Pay Benefit will be paid on either a Total or a Partial basis, whichever is applicable, prospectively from the 31st day of consecutive sickness. If a subsequent claim for a Sick Pay Benefit is submitted to PPS Insurance within a period of three months of a previous successful claim for the same condition, the 30 day waiting period will be waived by PPS Insurance and the Policyholder will qualify for a Total or Partial Sick Pay Benefit, whichever is applicable, from the first day on which he is unable to carry out his professional duties due to sickness.

Student Policyholders: A Student Policyholder will qualify for a Total Sick Pay Benefit if he was totally unable to attend to his normal duties or activities for at least seven consecutive days due to sickness. The Total Sick Pay Benefit will be paid retrospectively from the first day of his inability to attend to his normal duties or activities due to sickness. A Student Policyholder will not qualify for any Partial Sick Pay Benefits. If a subsequent claim for a Total Sick Pay Benefit is submitted to PPS Insurance following a previous successful claim for the same condition, the 7 day waiting period will be waived by PPS Insurance and the Student Policyholder will qualify for a Total Sick Pay Benefit from the first day on which he is totally unable to attend to his normal duties or activities due to sickness. The quantum of any Sick Pay Benefit payable to a Student Policyholder will not be limited due to the fact that he is not earning any income from the practice of any profession.

In no instance will any Sick Pay Benefit be payable to any Policyholder for an amount in excess of the maximum cover amounts as determined by PPS Insurance from time to time.

For the purposes of his contract, the Policyholder will be deemed to be practicing his profession if, subject to the normal eligibility criteria of the Professional Provident Society Holdings Trust, he carries out such professional duties as his qualifications and experience enable him to carry out, irrespective of whether he carries out such duties in private practice or not.

Requirements for Sick Pay Claims

A Policyholder, who is totally or partially unable to attend to his usual professional duties on account of sickness and who complies with all the applicable requirements of his contract for valid claims, may receive Sick Pay Benefit in terms of his contract, provided that:

1. he submits to PPS Insurance without delay and not more than six months from the date of onset of the sickness, a claim for Sick Pay Benefit and a certificate from the medical or dental practitioner or any other practitioner who attended to him, which practitioner has to be both registered with the Health Professions Council of South Africa and approved by PPS Insurance (both the claim and the certificate must be on the prescribed form provided by PPS Insurance).
2. he makes on such claim form, a declaration setting out the precise nature of the professional duties that he was carrying out before his sickness and the periods for which he was totally or partially unable to carry out such usual professional duties as a result of such sickness; and
3. the medical or dental practitioner certifies on such certificate that he personally examined and attended to the Policyholder during his sickness, describes the nature and cause of such sickness and states that in his opinion the Policyholder was as a consequence of such sickness totally or partially unable to carry out the professional duties stated by the Policyholder for the periods stated by him.
4. In order to satisfy itself that the Policyholder is or continues to be unable to attend to his professional duties, PPS Insurance may at any time (and if the Policyholder has been in receipt of Sick Pay Benefit for a continuous period of 182 days, PPS Insurance shall) either:
 - 4.1. obtain a special report from; or
 - 4.2. require the Policyholder to submit himself to medical examination by such medical practitioner as PPS Insurance may determine.
5. The Policyholder will during the continuation of his sickness send to PPS Insurance at weekly intervals or other intervals as determined by PPS Insurance, a certificate from his usual medical attendant certifying that he

is still suffering from sickness (the nature of which again has to be stated) and has been unable to carry out his professional duties since the date of the previous certificate issued by the medical attendant.

6. The Policyholder will on recovery from sickness submit a certificate from his usual medical attendant stating the date from which he was again able to attend to his professional duties. In lieu of such certificate the medical attendant may, on the last of the certificates issued by him as set out above, state the day from which in his opinion the Policyholder will be able to resume his professional duties.
7. PPS Insurance will have the right to ask any other member of the Professional Provident Society Holdings Trust to visit such sick Policyholder at such intervals as it may determine and to obtain from such visiting member a report in writing.
8. The Policyholder will only qualify for Sick Pay Benefit if he continues to pay premiums to PPS Insurance during such period of sickness.
9. The Policyholder will only qualify for Sick Pay Benefit if he provides to PPS Insurance such information as it may require in respect of his income from the practice of his profession.
10. The Policyholder will only qualify for a Sick Pay Benefit if he complies with the processes and procedures for claiming a Sick Pay Benefit, as determined by PPS Insurance from time to time.

PPS Insurance may waive all or any of the above requirements for a claim for Sick Pay Benefit where it is satisfied that any failure to comply with the prescribed procedure was unavoidable in the circumstances of the case.

PPS Insurance may examine any claim for Sick Pay Benefit and its supporting medical certificate and may, after giving the claimant an opportunity to make representations (a) reduce the period for which the Policyholder has claimed such benefit if in its opinion the nature of the sickness is such that the period of time claimed for is excessive or (b) change a claim for Total Sick Pay Benefit to a claim for Partial Sick Pay Benefit in respect of periods when the Policyholder carried out some of his professional duties.

In reaching its decision in this regard PPS Insurance will refer its enquiries to the medical or dental attendant who signed the medical certificate in question and may thereafter have recourse to its own medical experts or may call for such further medical evidence, reports or opinions as it deems necessary.

If a Policyholder submits a claim for Sick Pay Benefit containing deliberate false statements, PPS Insurance will refuse to pay such claim and will cancel his entire PPS Provider™ Policy with effect from the day upon which the claim containing the false statement was submitted to PPS Insurance and will claim a refund of any amounts already paid in respect of a claim.

Sick Pay Benefit, in respect of the same, a consequential or related sickness will be payable for a maximum aggregate period of 728 days, irrespective of whether such Sick Pay Benefit consisted of Total or Partial Sick Pay Benefit. PPS Insurance may however, in its sole and absolute discretion, extend the Sick Pay Benefit of any Policyholder for a further period not exceeding 180 days whereafter the Policyholder will then be assessed for the Permanent Incapacity Benefit in accordance with the Permanent Incapacity Assessment Process.

A Policyholder who is in receipt of Sick Pay Benefit, will continue to pay premiums during such period of sickness.

The Sick Pay Benefit has been designed to support the professional Policyholder during the initial sickness period so that any realignment of his usual professional duties within his profession, or reasonable adaptations to his work methods / duties can be made whilst receiving Total or Partial Sick Pay Benefits. At the end of a 728 day Sick Pay Benefit period for any sickness as described above, the Policyholder is then assessed for the Permanent Incapacity Benefit and any residual effects of the sickness on his ability to perform his usual professional duties is evaluated and the appropriate award is made to compensate the Policyholder for the loss of his ability to generate professional earnings. If the Policyholder is then awarded a Permanent Incapacity Benefit as described hereunder, such Permanent Incapacity Benefit shall be paid in substitution of any Sick Pay Benefit for the particular sickness.

Requirements for Pregnancy Related Sick Pay Claims

A sickness will be deemed to be directly or indirectly attributable to pregnancy, confinement or miscarriage if it is established that, in spite of one or more intervening events or conditions, such sickness would not have been contracted by the policyholder, had it not been for the pregnancy, confinement or miscarriage.

Where a sickness is directly or indirectly attributable to pregnancy, confinement or miscarriage, a Sick Pay Benefit will be payable to the Policyholder provided that the Policyholder meets all the requirements for Sick Pay Claims listed in this contract. In addition to the general requirements for Sick Pay Claims listed in this contract, all of the following specific requirements shall also apply in the event of a pregnancy related sickness:

1. No Sick Pay Benefit will be payable whatsoever where the onset of the sickness giving rise to a claim occurs within a period of ten calendar months from the inception date of the Policyholder's Sickness and Permanent Incapacity Benefit as indicated in the Policyholder's Policy Certificate. Where the Policyholder applies for an increase in the sum assured in respect of the Sickness and Permanent Incapacity Benefit, no Sick Pay Benefit will be payable whatsoever in respect of such increased portion of the sum assured where the onset of the sickness giving rise to a claim occurs within a period of ten calendar months from the inception date of such increased portion of the sum assured as indicated in the Policyholder's Policy Certificate;
2. The medical certificate(s) submitted by the Policyholder in support of the Policyholder's claim(s) needs to be completed by the Policyholder's treating Gynaecologist or Obstetrician, who needs to be duly registered to practice as such with the Health Professions Council of South Africa (HPCSA);
3. The payment of Sick Pay Benefits are in all instances limited to sickness contracted by the Policyholder and no Sick Pay Benefit will be payable under any circumstances in respect of any sickness contracted by an unborn child or a new-born child;
4. No Sick Pay Benefits will be payable in respect of normal routine childbirth where there are no complications to the Policyholder and where the Policyholder does not suffer from a Sickness as defined in this contract; and
5. No Sick Pay Benefits will be payable where the sickness is related to, either directly or indirectly, any assisted reproductive treatment undergone by the policyholder;

Where a sickness is directly or indirectly attributable to pregnancy, confinement or miscarriage, but the specific sickness contracted by a Policyholder to whom the 7 day waiting period applies (Refer to the latest Policy Certificate issued by PPS Insurance) does not meet all of the claim criteria and benefit requirements listed in this contract, the payment of a Sick Pay Benefit will be limited to the period that the Policyholder was hospitalised, provided that this hospitalisation period was at least a period of four consecutive days. In such instance payment will be made retrospectively from the first day of hospitalisation up until the date on which the Policyholder is discharged.

Where a sickness is directly or indirectly attributable to pregnancy, confinement or miscarriage, but the specific sickness contracted by a Policyholder to whom the 30 day waiting period applies (Refer to the latest Policy Certificate issued by PPS Insurance) does not meet all of the claim criteria and benefit requirements listed in this contract, the payment of a Sick Pay Benefit will be limited to the period that the Policyholder was hospitalised, provided that this hospitalisation period was at least a period of thirty consecutive days. In such instance payment will be made prospectively from the thirty first day of hospitalisation up until the date on which the Policyholder is discharged.

PERMANENT INCAPACITY BENEFIT

Permanent Incapacity shall mean that PPS Insurance deems, in accordance with the Permanent Incapacity Assessment Process, that a Policyholder presents with an impairment that affects his ability to perform his usual professional duties. Permanent Incapacity could be awarded as either Total Permanent Incapacity or Partial Permanent Incapacity.

Total Permanent Incapacity shall mean that PPS Insurance deems, in accordance with the Permanent Incapacity Assessment Process, that a Policyholder is totally unable to work and to perform his usual professional duties, even with adaptations to his work methods/duties, and the realignment of his professional duties within his profession is not feasible in view of the significance of his condition and/or his age, experience and knowledge.

Partial Permanent Incapacity shall mean that PPS Insurance deems, in accordance with the Permanent Incapacity Assessment Process, that a Policyholder is partially but not totally unable to perform his usual professional duties.

Permanent Incapacity Assessment Process shall mean the process undertaken by PPS Insurance to evaluate, determine and assess whether a policyholder is Permanently Incapacitated and which process involves consideration of amongst other factors the following:

- a) the payment of a valid Sick Pay Claim of at least seven consecutive days of sickness according to the definition of sickness contained in this contract. If the Policyholder applies for a Permanent Incapacity Benefit prior to having exhausted a maximum period of 728 days of Sickness Benefits, PPS Insurance will only consider a Permanent Incapacity award if it can establish that the Policyholder's impairment will permanently affect his ability to perform his usual professional duties and any further improvement in his functional/vocational capacity is unlikely. Policyholders who first acquired the Sickness and Permanent Incapacity Benefit on or after 1 March 2015 (i.e. the benefit inception on or after 1 March 2015) will only be assessed for the Permanent Incapacity Benefit after the full 728 days of Sickness Benefits for a particular sickness or accident have been exhausted;
- b) usual professional duties shall mean the professional duties that the Policyholder was carrying out immediately before the onset of his sickness, as recorded by the Policyholder on his Sickness Benefit Claim Forms;
- c) a Policyholder's ability to apply his mental and decision making skills, required to perform his usual professional duties, as a primary consideration;
- d) a Policyholder's physical/cognitive/functional and vocational capacity vs. the physical/cognitive/ functional and vocational demands of his usual professional duties;

- e) the Policyholder's ability, as assessed by PPS Insurance, to perform his usual professional duties with reasonable adaptations to his work methods/duties;
- f) in determining the level of permanent incapacity awards, a Policyholder's ability, as assessed by PPS Insurance, to realign his usual professional duties within his profession, taking into account his professional knowledge, skills, age and experience. For the purposes of this subsection, a Policyholder's profession shall be limited to jobs, vocations, fields or trades for which the Policyholder's professional qualification(s) is a requirement;
- g) all medical reports and evidence furnished by the Policyholder to PPS Insurance;
- h) all medical reports and evidence requested by PPS Insurance;
- i) the completion of Claims Questionnaires; and
- j) any other information that PPS Insurance may require or considers relevant for the purposes of assessment.

Levels of Permanent Incapacity

If PPS Insurance deems, in accordance with the Permanent Incapacity Assessment Process, that the Policyholder is capable of performing more than 80% of his usual professional duties, with or without minor adaptations to his work methods/duties, he will not qualify for any Permanent Incapacity award.

A Partial Permanent Incapacity award will be either 20% or 60%. This percentage will be determined in accordance with the Permanent Incapacity Assessment Process.

A Policyholder who first acquired the SICKNESS AND PERMANENT INCAPACITY BENEFIT prior to 1 March 2015 (i.e. the benefit incepted before 1 March 2015) and who has been awarded a Partial Permanent Incapacity award of 20% or 60%:

- and remains working within his profession may elect whether or not to continue paying premiums. Where such a Policyholder elects to continue paying premiums he will still be allowed to file claims for any sickness unrelated to that for which he is receiving a permanent incapacity award. Such a policyholder will only be allowed to file claims for Total Sickness Benefits which, if successful, will be paid in substitution of the Partial Permanent Incapacity award for the relevant claim period;
- and ceases to work within his profession, will not pay any further premiums and will not be entitled to make claims for any sickness unrelated to that for which he is receiving a permanent incapacity award. He will still be entitled to an upward review of his partial permanent incapacity award.

A Policyholder who first acquired the SICKNESS AND PERMANENT INCAPACITY BENEFIT on or after 1 March 2015 (i.e. the benefits incepted on or after 1 March 2015) and who has been awarded a Partial Permanent Incapacity award of 20% or 60% will not continue to pay premiums and will not be allowed to file any further Sickness Benefit claims. Such a Policyholder may however apply for a review of his Partial Permanent Incapacity award in accordance with the Permanent Incapacity Assessment Process.

A Total Permanent Incapacity award will be 100%. A Policyholder who has been awarded a Total Permanent Incapacity award of 100% will not pay any further premiums and will also not be entitled to file any further sick pay claims.

Student Policyholders will only qualify for Total Permanent Incapacity. A Student Policyholder will not qualify for any Partial Permanent Incapacity award.

Review of Permanent Incapacity Awards

A Policyholder may at any stage apply for a review of his existing Permanent Incapacity award provided that he submits new medical evidence to PPS Insurance. In addition PPS Insurance may at its sole discretion at any stage decide to review a Policyholder's existing Permanent Incapacity award. Any review of an existing Permanent Incapacity award will be done in accordance with the Permanent Incapacity Assessment Process. For the purpose of any review of an existing Permanent Incapacity award PPS Insurance may require a Policyholder to submit to medical examination by a medical practitioner appointed by PPS Insurance or may gather evidence concerning his state of health from any other source. If at any time PPS Insurance is of the opinion that:

1. the extent of the Policyholder's permanent incapacity has changed, PPS Insurance may make a fresh determination in terms of this contract and the amount of his Permanent Incapacity Benefit shall be adjusted from the date of such change in the extent of his permanent incapacity;
2. the Policyholder is no longer permanently incapacitated, his Permanent Incapacity Benefit will cease to be paid and he will be regarded as having temporarily ceased to practise his profession from a date determined by PPS Insurance and be subject to the conditions under which PPS Insurance is prepared to allow a temporary cessation of payment of premiums unless he resumes fully his previous profession and, if he has ceased payment of premiums, resumes payment of premiums in respect of the benefit, when he shall again become entitled to all the cover available in terms of such benefit;
3. the Policyholder remains permanently incapacitated except that he is endeavouring to resume his usual professional duties or to carry out such other professional duties as his professional qualifications and experience enable him to carry out, PPS Insurance may, in its discretion and on

consideration of such additional evidence as it may require, continue to pay the Permanent Incapacity Benefit for a period not exceeding 182 days while he so endeavours; or

4. the Policyholder continues to be, or is again in the opinion of PPS Insurance permanently incapacitated, he shall continue to be entitled to a Permanent Incapacity Benefit in terms of this contract.

Where it is necessary for the purposes of determining any incapacity, or inability to carry out usual professional duties, or the extent thereof, the incapacity shall be determined on the basis of the medical reports and other medical evidence together with other reports, information or opinions, and submissions by the Policyholder obtained by PPS Insurance in the course of investigating the claim and for this purpose PPS Insurance will use its own medically qualified employees. The Policyholder acknowledges that the determination of incapacity or inability to work is a value judgment and he agrees to be bound by the decision of PPS Insurance unless he demonstrates that any decision taken by PPS Insurance was:

- a. clearly influenced by a material error of law; or
- b. taken for a reason not authorised by this contract; or
- c. taken for an ulterior motive or in bad faith or arbitrary or capriciously; or
- d. taken because irrelevant considerations were taken into account or relevant considerations were not considered.

Maximum age for receipt of Permanent Incapacity Benefit

The Permanent Incapacity Benefit will end upon the Policyholder reaching the expiry age for the Permanent Incapacity Benefit as reflected in the latest Policy Certificate issued by PPS Insurance.

Benefit Options

The Benefit options described under (a) to (e) hereunder only apply to Policyholders who first acquired the SICKNESS AND PERMANENT INCAPACITY BENEFIT prior to 1 March 2015, i.e. the benefit inception before 1 March 2015.

The Policyholder may qualify for the following benefit options in the discretion of PPS Insurance:

(a) Ordinary Benefit Option: Units of Ordinary Benefit entitle the Policyholder to either Sick Pay Benefit or Permanent Incapacity Benefit. The payment rates in respect of Units of Ordinary Benefit are determined by PPS Insurance. Where the Policyholder was not Sick or Permanently Incapacitated for an entire month he will be entitled to receive a pro-rata daily benefit for each day of Sickness or Incapacity. Where the Policyholder qualifies for a Partial Permanent Incapacity Benefit, he will be paid the amount reflected in the Policy Certificate multiplied by the benefit percentage awarded to him for each day of permanent incapacity.

Where the Policyholder has not yet attained the age of 30 years when Units of Ordinary Benefit are issued to him, he may elect to pay a reduced premium for each such Unit of Ordinary Benefit issued to him before the day he attains the age of 30 years. He will continue to pay such reduced rate until the day before he attains the age of 30 years. He will commence paying the full rate on the day that he attains the age of 30 years or on any earlier date chosen by him. A Policyholder who has commenced paying the full rate will not be permitted again to pay a reduced rate.

(b) A Supplementary Benefit Option: Units of A Supplementary Benefit entitle the Policyholder to Sick Pay Benefit. The payment rates in respect of Units of A Supplementary Benefit are determined by PPS Insurance. (c) B Supplementary Benefit Option: Units of B Supplementary Benefit entitle the Policyholder to Sick Pay Benefit. The Policyholder will not be entitled to receive Sick Pay Benefit in respect of Units of B Supplementary Benefit within the first 90 days immediately following the effective date of issue of such units of benefit. This waiting period does not apply to Units of B Supplementary Benefit issued to the Policyholder in terms of an annual increase of Benefits declared by PPS Insurance.

The payment rates in respect of Units of B Supplementary Benefit are determined by PPS Insurance. The monthly benefit amounts that a Policyholder will be entitled to receive in respect of claims for the Total Sick Pay Benefit and the

Partial Sick Pay Benefit are reflected in the latest Policy Certificate issued by PPS Insurance. Where the Policyholder was not Sick for an entire month he will be entitled to receive a pro-rata daily benefit for each day of Sickness.

Sick Pay Benefit in respect of Units of B Supplementary Benefit will be paid for periods of sickness totalling not more than 182 days in any one cycle of 364 days. The first such cycle will commence on the date from which the Policyholder becomes sick and entitled to Sick Pay Benefit and will expire 364 days later. If he is sick on the date of expiry of a cycle, a new cycle will commence immediately after such date. If he is not sick on the date of expiry of such cycle, a new cycle will commence on the day when he again becomes sick.

His Units of B Supplementary Benefit will be cancelled on the day that he attains the age of 66 years. No further premiums or benefits will thereafter be payable in respect of such cancelled units.

(d) Deferred Benefit Option: Units of Deferred Benefit entitle the Policyholder to Permanent Incapacity Benefit. (e) Accident Benefit Option: Units of Accident Benefit entitle the Policyholder to either Sick Pay Benefit or Permanent Incapacity Benefit. Sick Pay Benefit or Permanent Incapacity Benefit will only be paid in respect of Units of Accident Benefit if such sickness or permanent incapacity is the result only of a visible bodily injury, solely caused violently and accidentally by external and visible means and (a) the disability suffered by the Policyholder is not one that is ordinarily considered to be an illness, (b) the sickness has occurred within six months of the date of the injury that caused the sickness, and (c) the injury has not occurred before the effective date of issue of such Units of Accident Benefit.

The payment rates in respect of Units of Accident Benefit are determined by PPS Insurance. The monthly benefit amounts that a Policyholder will be entitled to receive in respect of claims for the Total Sick Pay Benefit, the Partial Sick Pay Benefit and the Total Permanent Incapacity Benefit are reflected in the latest Policy Certificate issued by PPS Insurance. His Units of Accident Benefit will be cancelled on the day that he attains the age of 71 years. No further premiums or benefits will thereafter be payable in respect of such units.

Rider Benefits

The Policyholder may qualify for the following rider benefits:

(a) Admission Rider Benefit: In order to acquire this rider benefit, the Policyholder has to apply for the Admission Rider Benefit. Provided that he complies with the requirements of his contract for Admission Rider Benefit, it entitles him to an Admission Rider Benefit that shall be equal to the monthly Admission Rider Benefit amount displayed in the Policy Certificate, paid pro-rata for the days on which the Policyholder was hospitalised and unable to work.

He will not be entitled to receive benefits in terms of the Admission Rider Benefit within the first 30 days after the effective date of issue of the Admission Rider Benefit. The initial 30 day waiting period will however be waived by PPS Insurance where hospitalization results directly, and independently of all other causes, from:

- Bodily injury caused solely by external, violent and accidental means; or
- From accidental drowning; and
- the bodily injury or accidental drowning is not traceable, even indirectly, to the life insured's state of mental or physical health before the bodily injury or accidental drowning occurred.

After such initial waiting period, he will qualify for payment of benefits provided that he was hospitalised for at least four consecutive days.

If, in addition to qualifying for benefits in terms of the Admission Rider Benefit, he also complies with the requirements of this contract for Sick Pay Benefit, such Sick Pay Benefit will be paid simultaneously with, and in addition to, the Admission Rider Benefit.

Benefits in terms of the Admission Rider Benefit will be paid for periods of hospitalisation totalling not more than 182 days in any one cycle of 364 days. The first such cycle will commence on the date from which the Policyholder is hospitalised and entitled to benefits in respect of the Admission Rider Benefit and will expire 364 days later. If he is hospitalised on the date of expiry of a cycle, a new cycle will commence immediately after such date. If he is not hospitalised on the date of expiry of a cycle, a new cycle will commence on the day when he again becomes hospitalised.

The Admission Rider Benefit will cease at the end of the month in which the Policyholder turns 65. If the chosen Sickness Benefit expiry age is 60, the Admission Rider Benefit will cease at the end of the month in which the Policyholder turns 60. The PPS Sickness and Permanent Incapacity benefit acquired prior to 1 March 2015 has an Admission Rider Benefit that will cease at the end of the month in which the Policyholder turns 66.

(b) Family Responsibility Rider Benefit: The Family Responsibility Rider Benefit is available as a rider benefit in respect of the Sick Pay Benefit.

Policyholders who acquired the Family Responsibility Rider Benefit prior to 1 April 2017:

Provided that he complies with the requirements of his contract for the Family Responsibility Rider Benefit, the Policyholder will be entitled to a Family Responsibility Rider Benefit that shall be equal to the monthly Family Responsibility Rider Benefit amount displayed in the Policy Certificate, paid pro-rata for the days on which the Policyholder's Spouse or Child was hospitalised.

The Policyholder will be entitled to receive a daily benefit for each day that the Policyholder's Spouse or any Child of the Policyholder is hospitalised, provided that the hospitalisation lasts for at least 4 consecutive days (3 consecutive nights). The benefit will then be paid retrospectively from the 1st day of hospitalisation. The Family Responsibility Rider Benefit will pay for a maximum of 182 days in a calendar year if the Spouse or Child is a member or dependent on the Profmed Medical Scheme and 91 days in a calendar year in all other circumstances. If multiple family members are hospitalised at the same time, the Family Responsibility Rider Benefit pays only a single benefit for the family member hospitalised the longest up to the maximum days described.

Policyholders who acquired the Family Responsibility Rider Benefit, or varied the terms of their existing Family Responsibility Rider Benefit, on or after 1 April 2017:

For the purpose of the Family Responsibility Rider Benefit a variation of an existing Family Responsibility Rider Benefit shall include, but not necessarily be limited to:

- any direct or consequential increase or reduction in the Family Responsibility Rider Benefit Sum Assured, with the exception of increases in the Sum Assured as a result of annual benefit increases declared by PPS Insurance in respect of all Family Responsibility Rider Benefit Policyholders in order to reduce the eroding effects of inflation on benefits;
- any direct or consequential change in the premium pattern applicable to the Family Responsibility Rider Benefit; and
- any direct or consequential change in the expiry age of the Family Responsibility Rider Benefit.

Provided that he complies with the requirements of his contract for the Family Responsibility Rider Benefit, the Policyholder will be entitled to a Family Responsibility Rider Benefit that shall be equal to the monthly Family Responsibility Rider Benefit amount displayed in the Policy Certificate, paid pro-rata for the days on which the Policyholder's Spouse or Child was hospitalised. The maximum amount payable in terms of the Family Responsibility Rider Benefit shall be limited to R 3120 (Three Thousand One Hundred and Twenty Rand) per day as at 1 April 2018, which maximum shall escalate annually with a percentage equal to the annual Consumer Price Index (CPI) inflation rate for the preceding year as published by Statistics South Africa.

The Policyholder will be entitled to receive a daily benefit for each day that the Policyholder's Spouse or any Child of the Policyholder is hospitalised, provided that the hospitalisation lasts for at least 3 consecutive days (2 consecutive nights). The benefit will then be paid retrospectively from the 1st day of hospitalisation. The Family Responsibility Rider Benefit will pay for a maximum of 91 days in a calendar year. If multiple family members are hospitalised at the same time, the Family Responsibility Rider Benefit pays only a single benefit for the family member hospitalised the longest up to the maximum days described.

Child Terminal Illness Benefit: The Policyholder will be entitled to receive a lump sum payment of an amount equal to 12 month's Family Responsibility Rider Benefits, subject to a maximum payment limit of R 600 000, if a Child of the Policyholder is diagnosed with a terminal illness and is given less than 12 months to live. A survival period of 14 days applies, i.e. the Child has to survive for at least 14 days following the diagnosis of the Terminal Illness before the Child Terminal Illness benefit will be paid. The Policyholder will not be entitled to claim Family Responsibility Rider Benefits for the child during this 12 month period.

Child Death Benefit: If a Child of the Policyholder dies **and** no benefit was payable to the Policyholder in respect of that Child under the Child Terminal Illness Benefit, the Policyholder will nevertheless be entitled to receive a lump sum payment of an amount equal to 1 month's Family Responsibility Rider Benefits, subject to a maximum payment limit of a) R10 000 if the Child is under the age of 6 years; or b) R30 000 if the Child is under the age of 14 years; or c) R50 000 if the Child is over the age of 14 years.

For the purpose of the Family Responsibility Rider Benefit a "Child" shall mean a person who is either a biological Child, a legally adopted Child, or a step Child of the Policyholder and who is the biological or legally adopted child of the spouse of the Policyholder, at the date of diagnosis of the sickness which gave rise to the claim under the Family Responsibility Rider Benefit, and who is between the ages of 4 months and 21 years old. The Policyholder's cover will therefore commence on the later date of the date when the Child attains the age of 4 months or on the commencement date of the Policy and cover will cease on the Child's 21st birthday.

For the purpose of the Family Responsibility Rider Benefit a "Spouse" shall mean a person to whom the Policyholder is married at the date of the diagnosis of the sickness which gave rise to the claim under the Family Responsibility Rider Benefit and who is under the age of 70 years. A "Marriage" for the purpose of the Family Responsibility Rider Benefit shall be restricted to the following relationships:

- a Civil Marriage concluded and duly registered in terms of the Marriage Act of 1961; or
- a Customary Marriage concluded and duly registered in terms of the Customary Marriages Act of 1998; or
- A Civil Union, in the form of either a marriage or civil partnership, concluded and duly registered in terms of the Civil Union Act of 2006; and

for which a valid marriage certificate can be produced.

A Policyholder's cover will therefore commence on the later date of the date on which the person became the Spouse of the Policyholder or on the commencement date of the Policy and cover will cease on the Spouse's 70th birthday.

Upon receipt of any claim under the Family Responsibility Rider Benefit PPS Insurance may request the Policyholder to submit such proof as PPS Insurance may, in its sole discretion, require in order to satisfy itself that the requirements for a valid claim under the Family Responsibility Rider Benefit have been complied with. This may include, but will not necessarily be limited to, proof of hospitalisation, a medical report from the Child's or Spouse's treating doctor, a copy of the unabridged birth certificate of the Child, a copy of the official adoption court order and/or official proof of the registration of the adoption with the Registrar of Adoptions, a copy of the marriage certificate pertaining to the Spouse etc. Where PPS Insurance, in its sole discretion, deems it necessary it may also request the Policyholder to submit medical records pertaining to the Policyholder's Spouse or Child and any failure by the Policyholder to submit such records, or to procure the necessary consent from his/her Spouse or Child for the release of such records, may lead to the rejection by PPS of the Policyholder's claim under the Family Responsibility Rider Benefit.

Exclusions:

- In respect of Policyholders who acquired the Family Responsibility Rider Benefit prior to 1 April 2017, no claim will be paid under the Family Responsibility Rider Benefit (including the Child Terminal Illness Benefit and the Child Death Benefit) for any condition that existed in the Child or Spouse prior to the date on which the Policyholder became eligible for the Family Responsibility Rider Benefit. The exclusion also applies to conditions that directly or indirectly caused or aggravated the claim event. However if the Policyholder had, for a period of at least 90 days prior to acquiring the Family Responsibility Rider Benefit, another policy with materially similar benefits to that of the Family Responsibility Rider Benefit and had completed a condition specific waiting period in respect of that policy, PPS Insurance will not enforce the 12 month waiting period in respect of that particular condition or, where the condition specific waiting period under the previous policy had not expired prior to the Policyholder acquiring the Family Responsibility Rider Benefit, PPS Insurance will only impose a waiting period in respect of the particular condition that is equal to the unexpired period of the condition specific waiting period of the previous policy.

The 182 day waiting period will however be waived by PPS Insurance in respect of claims for the Family Responsibility Rider Benefit and the Child Death Benefit (Excluding claims for the Child Terminal Illness Benefit) where the hospitalization or death of the life insured results directly, and independently of all other causes, from:
 - Bodily injury caused solely by external, violent and accidental means; or
 - From accidental drowning; and
 - the death (where applicable) occurs less than 90 days after the bodily injury or accidental drowning occurred; and
 - the bodily injury or accidental drowning is not traceable, even indirectly, to the life insured's state of mental or physical health before the bodily injury or accidental drowning occurred.
- In respect of Policyholders who acquired the Family Responsibility Rider Benefit, or varied the terms of their existing Family Responsibility Rider Benefit, on or after 1 April 2017, no claim will be paid under the Family Responsibility Rider Benefit (excluding the Child Terminal Illness Benefit and the Child Death Benefit) for the first 90 days after the effective date of issue of the Family Responsibility Rider Benefit.

No claim will be paid under the Child Terminal Illness Benefit and the Child Death Benefit for the first 182 days after the effective date of issue of the Family Responsibility Rider Benefit.

(c) Permanent Incapacity Booster: In order to acquire this Rider Benefit, the Policyholder has to apply for the Permanent Incapacity Booster. It is available as a rider benefit in respect of the Permanent Incapacity Benefit. Provided that he complies with the requirements set out in his contract for benefits in terms of this rider benefit, he will be entitled to payment of a Permanent Incapacity Booster Benefit on a monthly basis in substitution for any Partial Permanent Incapacity Benefit being paid in terms of this contract. The monthly benefit payable to him will be equivalent to the maximum Permanent Incapacity Benefit payable. No further benefits in terms of Sick Pay Benefit and/or Permanent Incapacity Benefit are available once the Permanent Incapacity Booster award has been made and all premiums for these benefits will cease accordingly.

Requirements for acquiring the Permanent Incapacity Booster Benefit: The Policyholder will only qualify for this rider benefit if he, at the time of applying for this rider benefit:

- (i) holds Permanent Incapacity cover;
- (ii) has not yet attained the age of 62 years;
- (iii) is not in receipt of Sick Pay Benefit or Permanent Incapacity Benefit;
- (iv) is not a Student Policyholder as defined in this contract; and
- (v) has included the required comprehensive description of the exact nature of his Nominated Specific Occupation which will be used as basis for determining permanent incapacity in terms of this rider benefit.

The Permanent Incapacity Booster Benefit will only be issued by PPS Insurance as a rider benefit in respect of a Policyholder's Permanent Incapacity cover (excluding any Units of Accident Benefit). Should the Policyholder's

Permanent Incapacity cover be increased or reduced in terms of this contract, the Permanent Incapacity Booster Benefit will be increased or reduced accordingly by PPS Insurance.

The Policyholder will qualify for payment of benefits in terms of this rider benefit if:

- (i) he suffers a disability due to a disease, injury, accident or other cause;
- (ii) he has received Sick Pay Benefit for a maximum aggregate period of 728 days for the same, a consequential or related sickness; and
- (iii) he has been assessed as qualifying for a Partial Permanent Incapacity award in terms of the Permanent Incapacity Assessment Process.

Change of occupation: If the Policyholder changes his nominated specific occupation or the tasks undertaken by him in the course of practicing such nominated specific occupation, he must deliver to PPS Insurance, within six months of any such change, a new comprehensive description in the form required by PPS Insurance of the exact nature of his changed nominated specific occupation. PPS Insurance will, when assessing whether his functioning and ability to practice the nominated specific occupation is continuously, permanently and significantly restricted, take into account only those details of his nominated specific occupation which are contained in the original application form or any amendment thereof provided within six months of any such change. Upon receipt of information with respect to a change of occupation, PPS Insurance will be entitled to review the terms of this rider benefit.

Exclusions: In addition to all standard exclusions imposed under the contract and any specific exclusions imposed as a result of application of the underwriting criteria of PPS Insurance and reflected on the latest Policy Certificate issued to the Policyholder, no benefit will be payable in terms of the Permanent Incapacity Booster Benefit in respect of:

- (i) Chronic fatigue syndrome (also known as yuppie flu or myalgic encephalomyelitis (ME);

The exclusions listed in (i) to (iii) above apply only to the Permanent Incapacity Booster Benefit and do not impact on any award made in terms of the Permanent Incapacity Assessment Process.

Duration of benefits: Irrespective of any change in the Policyholder's functioning and ability to practice his nominated specific occupation, his benefits in terms of the Permanent Incapacity Booster Benefit, once awarded by PPS Insurance, will not be reviewed. The Permanent Incapacity Booster Benefit will expire on the same day that the Policyholder's Permanent Incapacity cover expires as indicated in the latest Policy Certificate issued by PPS Insurance.

Restrictions on the amount of cover held by the Policyholder

PPS Insurance will determine the minimum and maximum amount of cover that a Policyholder may hold. Subject to such minimums and maximums, a Policyholder may hold any amount of cover provided that his cover will at no stage exceed the following limits:

- Cover under the Sick Pay Benefit will be limited to the greater of either a) 2/3rds of the Policyholder's Gross Personal Income (the Policyholder's Gross Professional Income before taxes and other deductions minus his actual business expenses, as determined by PPS) and 100% of the Policyholder's actual business expenses (expenses paid to 3rd parties in the normal operation of the Policyholder's business, as determined by PPS) prior to any claim or b) the Policyholder's Net of Tax Personal Income (the Policyholder's Gross Professional Income after taxes and other deductions minus his actual business expenses, as determined by PPS) plus 100% of the Policyholder's actual business expenses prior to any claim
- Cover under the Permanent Incapacity Benefit will be limited to the Policyholder's Net of Tax personal income, as determined by PPS, prior to any claim.

A Student Policyholder and a PPS KickStart Policyholder may hold such amounts of cover as is determined by PPS Insurance from time to time irrespective of whether he earns an income from the practice of any profession or not.

Annual increase of Benefits declared by PPS Insurance

PPS Insurance may annually issue additional benefits to the Policyholder if in its opinion the value of the Policyholder's benefits has during the year under consideration for any reason been eroded or diminished, provided that at no stage will such issue of benefits cause the Policyholder's cover to exceed the maximums as determined by PPS Insurance from time to time or as determined by reference to the Policyholder's income derived from the practice of his profession.

The following conditions will apply to such an issue of benefits:

1. Each year PPS Insurance will consider the economic factors and indicators which it believes relevant or applicable to Policyholders' benefits in terms of this contract, including but not limited to the consumer price index, and if PPS Insurance is of the opinion that inflation and/or any other circumstances have resulted in the value of the

benefits enjoyed by Policyholders being eroded or diminished, then PPS Insurance may in its entire discretion, decide upon percentages by which the benefits of all Policyholders will be increased on 1 January of the following year.

2. The percentage increase so determined will be calculated on each Policyholder's existing benefits as at 31 December of the immediately preceding year.
3. The Policyholder will pay a premium for the additional benefits so issued to him at the applicable rate for his age at the date of issue.
4. The benefits so issued will be subject to the premium loadings and/or exclusions that applied to the immediately preceding issue of benefits to the Policyholder.
5. Subject to the rights of Policyholders who are in receipt of Partial Permanent Incapacity Benefits that remain working and elect to still pay premiums, Policyholders who have been declared permanently incapacitated will not be issued with these additional benefits.
6. Policyholders who are in receipt of Sick Pay Benefit or Partial Permanent Incapacity Benefit that remain working and still pay premiums, shall be issued with these additional benefits and subject to payment of the premiums in respect thereof shall be entitled to the benefits from the date on which they are issued.
7. A Policyholder who has reached the age of 71 years shall not receive any declared annual increases in his benefits on the 1st of January of any year unless such a Policyholder has specifically instructed PPS Insurance to increase his benefits with the declared percentage for that year.

Bonus benefits for permanently incapacitated Policyholders

PPS Insurance may annually issue bonus benefits in respect of those benefits held by the Policyholder that provide for Permanent Incapacity cover, to those Policyholder's who have been declared permanently incapacitated (excluding Policyholders who have been declared partially permanently incapacitated that remain working and elect to still pay premiums) subject to the following conditions:

1. The value of the bonus benefits to be issued in any year shall be determined in the entire discretion of PPS Insurance after it has considered and approved its annual audited accounts. These bonus benefits shall then be issued from a date to be determined by PPS Insurance.
2. The permanently incapacitated Policyholder will not be required to pay any premiums in respect of such bonus benefits. The bonus benefits will qualify for bonus allocations in respect of the Policyholder's apportionment account as described hereafter.
3. In the event that a Policyholder for any reason ceases to be deemed permanently incapacitated in terms of this contract, he will retain the bonus benefits issued to him in the past. He will pay a premium for the retained bonus benefits as calculated by PPS Insurance from the first day of the month following the month in which he so ceased to be deemed to be permanently incapacitated. These bonus benefits will be deemed to be benefits for all purposes under his contract.

Applying for Additional Benefits

A Policyholder may apply for additional benefits provided that the amount of cover held by him after issue of such additional benefits will not exceed the maximums as determined by PPS Insurance from time to time or as determined by reference to his income derived from the practice of his profession.

The issue of such additional benefits will be subject to the underwriting policy as determined by PPS Insurance from time to time.

Policyholders who are in receipt of Permanent Incapacity Benefits in terms of this contract or PPS KickStart Policyholders will not be entitled to apply for additional benefits.

Guaranteed right to additional Units of Benefit

Notwithstanding the other provisions of this contract, Policyholders, excluding Policyholders who are Student Policyholders, may take up additional Units of Ordinary and / or A Supplementary and/or Deferred Benefit without further proof of insurability on the following conditions:

1. The Guaranteed Right may only be claimed by a Policyholder who:
 - (a) had the SICKNESS AND PERMANENT INCAPACITY BENEFIT continuously from 1 June 2005; and
 - (b) is under 40 years of age at the time that he applies for Units of Benefit in terms of this section; and
 - (c) held at least 100 Units of Ordinary Benefit immediately after applying for cover under this contract or after last applying for additional Units of Benefit otherwise than under this section; and
 - (d) has satisfied PPS Insurance that he has no reason to suppose that he might be infected with the human immunodeficiency virus; and
 - (e) at the time of applying for cover under the SICKNESS AND PERMANENT INCAPACITY BENEFIT or when last applying for additional Units of Benefit was granted cover or additional units without the imposition of an additional premium of more than 5 cents per unit per month.

2. The units issued in terms of this section shall in each option be subject to the payment of the additional premiums and/or the limitation of benefits that applied to the immediately preceding issue of units to the Policyholder in each respective benefit option.
3. In addition to the additional premium and/or limitation of benefits imposed as aforementioned, PPS Insurance shall be entitled to impose any further premium or limitation of benefits required in order to satisfy its statutory actuary that the premiums, benefits and other values are actuarially sound having regard to the additional units applied for.
4. The number of Units of Benefit that a Policyholder shall be entitled to take up in terms of this Guaranteed Right shall be limited to and by the following provisions:
 - (a) if a Policyholder is under the age of 32 at the time that he first claims Units of Benefit in terms of this section then:
 - (i) the maximum number of Units of Benefit that he is entitled to take up shall be the difference between the number of units (in each option) held by him at the date when he was last issued with units (of whatsoever benefit option) by PPS Insurance and the maximum number of Units of Benefit (in each benefit option) offered by PPS Insurance at the time that the Policyholder first claims Units of Benefit in terms of this section; and
 - (ii) he shall be entitled to take up one-fifth of the maximum number of Units of Benefit calculated in accordance with sub-paragraph (i) above, in each benefit option, at the time that he first claims Units of Benefit in terms of this section, and thereafter only on each of the 2nd, 4th, 6th and 8th anniversaries of the date on which he first claimed Units of Benefit in terms of this section;
 - (b) if a Policyholder is 32 years of age or older at the time that he first claims Units of Benefit in terms of this section then:
 - (i) the number of Units of Benefit that he is entitled to take up shall be the maximum number of units calculated, in accordance with paragraph (a)(i) above, but reduced by one-fifth for each completed two-year period, or part thereof, that the age of the Policyholder exceeds 32 years;
 - (ii) he may take up the units to which he is entitled (in each benefit option) only as to one-fifth of the maximum number of units calculated in accordance with paragraph (a) (i) above at the time that he first claims Units of Benefit in terms of this section and thereafter only on each of the anniversaries of this date, referred to in paragraph (a) (ii) above, that falls before his fortieth birthday.
5. After a Policyholder has taken up his first one-fifth entitlement calculated in accordance with paragraph (4) above, the Policyholder shall be required to give notice of his intention to take up any subsequent one-fifth entitlement, within 60 days prior to the relevant anniversary date referred to in paragraph (4) above, failing which his right to take up that entitlement shall lapse. This notice must be in writing and must reach PPS Insurance within the said 60-day period.
6. Fractions of units will not be issued and accordingly if a fraction of a unit results from the calculation of the abovementioned one-fifth entitlement then the number of Units of Benefits to be issued (in each or any benefit option) shall in respect of the first issue of units to a Policyholder in terms of this section, be increased to the nearest whole number and the Policyholder's remaining entitlement/s (if any) shall be reduced to the nearest whole number so that the Policyholder's total entitlement in terms of this section is issued to him in tranches consisting of whole numbers of units, which tranches are as near as possible equal to one another and which tranches together do not exceed the Policyholder's total entitlement.
7. If a Policyholder reaches 40 years of age before having exercised his right to take up all or any Units of Benefit in terms of this section, his Guaranteed Right shall lapse.
8. The Guaranteed Right to Units of Benefit may only be exercised by a Policyholder who is in good standing and who has fully paid all premiums due to PPS Insurance.
9. If a Policyholder is in receipt of sick pay benefits from PPS Insurance at the time that he becomes entitled to take up any portion of Units of Benefit in terms of this section, he shall nevertheless be entitled to take up such units and to be paid sick pay in respect of these Units of Benefit.
10. From the date that a Policyholder is declared Permanently Incapacitated his right to take up any Units of Benefit in terms of this section, shall lapse.
11. The Guaranteed Right shall lapse when for any reason a Policyholder ceases to have a SICKNESS AND PERMANENT INCAPACITY BENEFIT.
12. A policyholder cannot take up Units of Benefit (or any portion thereof) in terms of this section, whilst in a period of temporary cessation of payment of premiums.
13. The Guaranteed Right may not be claimed in respect of Units of Accident or Admission Rider Benefit.
14. Except insofar as has been provided in this section, the terms of this contract shall apply to all Units of Benefit issued to Policyholders in terms of this section.

Reduction of Benefits

A Policyholder may, subject to the approval of PPS Insurance, reduce the benefits held by him at any time provided that the amount of cover held by him after such reduction will not be less than the minimums prescribed by PPS Insurance from time to time. From the date upon which such reduction is approved, he shall receive Sick Pay Benefit or Permanent Incapacity Benefit only in respect of such reduced benefits.

The benefits to be cancelled will be the benefits last issued to him. The reduction of premiums will be the cost of the specific benefits so cancelled.

If a Policyholder's income derived from the practice of his profession is reduced at any stage, he is obliged to request PPS Insurance to reduce the benefits held by him in order to ensure that at no stage the benefits held by him will cause his cover to exceed the maximum limits as determined by PPS Insurance.

Temporary cessation of payment of premiums

The policyholder can apply to PPS Insurance for a temporary cessation of payment of premiums. Please refer to the section titled PREMIUMS.

The policyholder will receive no Sick Pay Benefit or Permanent Incapacity Benefit in respect of sickness or injury during such period or during an interval of three months following the expiry of such period; and no bonus allocations will be credited to his apportionment account as described hereafter in respect of such period.

From the age of 66 years the Policyholder will only be entitled to claim the Sick Pay Benefit, on either a Total or a Partial basis, for a maximum aggregate period of 182 days in any 365 day cycle.

2. a Policyholder to whom the 7 day waiting period applies (refer to the latest Policy Certificate issued by PPS Insurance) will only qualify for Total Sick Pay Benefits if he was totally unable to carry out his professional duties for at least 14 consecutive days due to sickness. Thereafter, the proceeds will be paid directly to the child-beneficiary. If no claim is made the premiums will cease at the end of the year in which the child-beneficiary turns 18. Even though the premiums will cease at the end of the child-beneficiary's 18th year, the benefit will only cease at the end of a child-beneficiary's 19th year. A claim will only be considered in the child-beneficiary's 19th year if he/she is in matric in his/her 19th year and no Matric benefit has been paid to date. Waiting periods

There is no waiting periods in respect of the EDUCATION COVER™ PRODUCT.

Increase in premiums

Premiums will escalate annually, on the 1st of January, at a set percentage as determined by PPS in its sole discretion. To combat the eroding effects of increasing education costs, the benefit maximums will increase at the same time. The premium escalation percentage is not guaranteed and might be adjusted if increases in education fees are significantly and consistently different from the assumed fee increases. This will be the only premium increase and no further increases will be applicable.

Temporary cessation of payment of Premiums

The policyholder will not be allowed to apply for a temporary cessation of payment of premiums on the EDUCATION COVER™ PRODUCT.

Free cover for children

If the policyholder has at least one EDUCATION COVER™ PRODUCT in force, unborn biological children will enjoy free cover until the end of the month before they are due. If a claim event occurs during this period, the unborn child will enjoy the same benefits as the child(ren) already covered under this policy. If any of the children is covered for Public school benefits, the unborn child will also enjoy Public school benefits; otherwise the unborn child will enjoy Private school benefits. Premium payments in respect of subsequent children will start in the month in which the child is due. This benefit is restricted to biological children born within 9 months from the date of the claim event (excluding surrogacies).

An EDUCATION COVER™ PRODUCT can be taken out for an adopted child as soon as the policyholder can present the adoption court order, provided that the child is under the age of 18. An EDUCATION COVER PRODUCT can be taken out for a stepchild as soon as the policyholder can present a marriage certificate and an unabridged birth certificate to prove that the child is his/her spouse's biological or adopted child, provided the child is under the age of 18. Should the policyholder divorce the parent of the child-beneficiary, the EDUCATION COVER™ PRODUCT will continue for as long as premiums are being paid.

Gap year(s)

A child-beneficiary may take up to two years off between the completion of his/her secondary education and commencement of his/her tertiary education, if in claim. No claim payments will be made during this period. If the child beneficiary chooses not to study thereafter the benefit will end.

If the claim event occurs after the child-beneficiary completed his/her secondary education and before commencement of his/her tertiary education, the tertiary education benefit will be paid if the child-beneficiary enrolls at a tertiary institution within a year of the claim event.

Changing schools whilst in claim

If a child changes schools after the tuition fees for the year has been paid, the parent / legal guardian will have to request a reimbursement from the school and pay the new school. If the tuition for the new school is higher than the previous school, PPS will pay the difference for the remaining months (pro-rata) subject to the benefit maximums.

Failing at school or tertiary level whilst in claim

Payment of tuition fees will be made regardless of whether a child-beneficiary passes or not. The maximum number of years per education level will however apply. At tertiary level the standard duration of a specific qualification will be covered as per the product rules. If a claim is accepted partway through schooling or tertiary education, the maximum number of years will reduce to the remaining years needed for the child to complete the relevant schooling level if each year is completed successfully.

If the child-beneficiary fails a year, PPS will cover the cost of one repeat year. No necessities benefits will be paid at tertiary level in respect of the repeat year.

Changing courses at tertiary level

If a child changes to a course that has the same or a longer standard duration than the one initially enrolled for, the benefit will pay for the standard number of years it takes to complete the new course minus the number of years already paid for the first course.

If a child-beneficiary changes to a course that has a shorter standard duration than the one initially enrolled for, the benefit will be paid for the standard duration of the new course up to a maximum of the standard duration of the first course minus the number of years already paid for the first course.

If at the time of changing courses PPS has not yet paid for a repeat year, the student can use the repeat year to cover an additional year of the new course. Note: at tertiary level no Necessities benefit will be paid at tertiary level in respect of a repeat year. In these cases PPS will pay for a second or post-graduate qualification provided the child-beneficiary has successfully completed the first or undergraduate qualification.

PPS will pay schooling tuition in line with the product rules if a child-beneficiary attends a registered education institution (public and private schools, schools for learners with special needs and home schooling) as per the South African Schools Act, 1996.

PPS will pay tertiary education tuition in line with the product rules if a child-beneficiary enrolls at a tertiary education institution that is registered with the South African Department of Higher Education (or the relevant Education authority in the country where the child-beneficiary resides) up to the local tertiary benefit maximums. If the child-beneficiary is accepted at any of the listed International Universities, tuition will be paid up to the international tertiary benefit maximums. The list of International Universities is determined in PPS' sole discretion, updated and published from time to time.

Special needs institutions

If a child-beneficiary has to attend a special needs school or facility for the physically or mentally challenged, PPS will cover the fees of the selected institution to a maximum of 150% of the normal Rand maximums as published by PPS. PPS reserves the right to approve these institutions. If grades are not applicable, claim payments will end at the end of the year in which the child-beneficiary turns 18.

Global cover

If a child-beneficiary attends an education facility outside of the borders of South Africa, the maximum Rand benefit amounts corresponding to the relevant schooling level will apply. The education facility would need to be registered with the relevant Education authority.

The Policyholder shall not be able to exercise any further options in respect of his Profit-Share Account™ Benefit and interest and profit or loss allocations to the Profit-Share Account™ Benefit shall continue until all of the products and benefits held by the Policyholder in terms of the PPS Provider™ Policy are cancelled, whereupon the full amount standing to the Policyholder's credit in his PPS Profit-Share Account™ Benefit as at the date of such cancellation shall be transferred to the Vested PPS Profit-Share Account Option in accordance with the terms and conditions of such option (refer to par. 7 below). In the event that PPS Insurance has at any time during the Policy term calculated the remaining value of the Policy and used the whole or any part of such remaining value in order to offset any premium(s) owed to PPS Insurance under the Policy, the amount due to the Policyholder shall be determined with reference to the rules prescribed by PPS Insurance in terms of the relevant provisions of the Long-Term Insurance Act No. 52 of 1998, as substituted and/or amended from time to time. No Profit-Share Account™ Benefit will be paid where the Long-Term Insurance Act No. 52 of 1998 or any other relevant legislation prevents or restricts payment to the Policyholder.

In the event that all PPS Provider Policy Benefits are cancelled at any time prior to the age of 60 the amount payable to the Policyholder will be dealt with and calculated in terms of par. 6.1 above.

Where the Sickness and Permanent Incapacity benefit is cancelled between the age of 55 and 60 years, and in the event that PPS Insurance has at any time during the Policy term calculated the remaining value of the Policy and used the whole or any part of such remaining value in order to offset any premium(s) owed to PPS Insurance under the Policy, the amount due to the Policyholder at the age of 60 shall be determined with reference to the rules prescribed by PPS Insurance in terms of the relevant provisions of the Long-Term Insurance Act No. 52 of 1998, as substituted and/or amended from time to time.

The Policyholder may exercise the following options upon reaching the age of 60 years:

In the event that the Policyholder fails to exercise an option upon reaching the age of 60 in accordance with this paragraph 6.4, the option described in paragraph a) above shall automatically apply if at least one of the other PPS Provider Policy Benefits (Excluding the PPS Profit-Share Account™ Benefit) remains in force.

In the event that the Policyholder selects to exercise the Vested PPS Profit-Share Account Option at age 60 in terms of paragraph b) above; and provided that at least one of the other PPS Provider Policy Benefits (excluding the PPS Profit-Share Account™ Benefit) still remains in force; the Policyholder's PPS Profit-Share Account™ Benefit shall remain in force subsequent to the transfer of the funds from the PPS Profit-Share Account™ Benefit to the Vested PPS Profit-Share Account. The Vested PPS Profit-Share Account shall be governed by the terms and conditions of such option (refer to par. 7 below). PPS Insurance shall once again begin to credit or debit such a Policyholder's PPS Profit-Share Account™ Benefit with interest and profit or loss allocations as described in this section 59 of the PPS Provider™ Policy. Profit-Share Account™ Benefit shall continue until all of the products and benefits held by the Policyholder in terms of the PPS Provider™ Policy are cancelled, whereupon the full amount standing to the Policyholder's credit in his PPS Profit-Share Account™ Benefit as at the date of such cancellation shall be transferred to the Vested PPS Profit-Share Account Option in accordance with the terms and conditions of such option (refer to par. 7 below). In the event that PPS Insurance has at any time during the Policy term calculated the remaining value of the Policy and used the whole or any part of such remaining value in order to offset any premium(s) owed to PPS Insurance under the Policy, the amount due to the Policyholder shall be determined with reference to the rules prescribed by PPS Insurance in terms of the relevant provisions of the Long-Term Insurance Act No. 52 of 1998, as substituted and/or amended from time to time. No Profit-Share Account™ Benefit will be paid where the Long-Term Insurance Act No. 52 of 1998 or any other relevant legislation prevents or restricts payment to the Policyholder.

- 6.5 When a Policyholder attains the age of 66 years, and in the event that PPS Insurance has at any time during the Policy term calculated the remaining value of the Policy and used the whole or any part of such remaining value in order to offset any premium(s) owed to PPS Insurance under the Policy, the amount due to the Policyholder shall be determined with reference to the rules prescribed by PPS Insurance in terms of the relevant provisions of the Long-Term Insurance Act No. 52 of 1998, as substituted and/or amended from time to time.

When a Policyholder attains the age of 66 years in any other circumstances the full amount standing to his credit in his PPS Profit-Share Account™ will become due to him notwithstanding the fact that any of the PPS Provider Policy Benefits still remain in force.

In both of the above instances the Policyholder may exercise the following options:

- a) Provided that at least one of the PPS Provider Policy Benefits (excluding the PPS Profit-Share Account™ Benefit) remains in force the Policyholder may continue to keep his PPS Profit-Share Account™ benefit in force. PPS shall continue to credit or debit such a Policyholder's PPS Profit-Share Account™ with interest and profit or loss allocations as described above; or

- c) In the event that the Policyholder does not have any other PPS Provider Policy Benefits (excluding the PPS Profit-Share Account™ Benefit) in force PPS Insurance shall implement the Vested PPS Profit-Share Account option as described hereafter (refer to par. 7 below).

The Policyholder shall inform PPS Insurance of his selection in writing at its Head Office in the manner prescribed by PPS Insurance from time to time. In the event that the Policyholder selects to exercise the Vested PPS Profit-Share Account Option in terms of paragraph b) above; and provided that at least one of the other PPS Provider Policy Benefits (excluding the PPS Profit-Share Account™ Benefit) still remains in force; the Policyholder's PPS Profit-Share Account™ Benefit shall remain in force subsequent to the transfer of the funds from the PPS Profit-Share Account™ Benefit to the Vested PPS Profit-Share Account. The balance of the Policyholder's Profit-Share Account™ Benefit shall be reduced to R0.00 and from that date onwards the Policyholder shall have both a Profit-Share Account™ Benefit and a Vested PPS Profit-Share Account. The Vested PPS Profit-Share Account shall be governed by the terms and conditions of such option (refer to par. 7 below). PPS Insurance shall once again begin to credit or debit such a Policyholder's PPS Profit-Share Account™ Benefit with interest and profit or loss allocations as described in this section 59 of the PPS Provider™ Policy. The Policyholder shall not be able to exercise any further options in respect of his Profit-Share Account™ Benefit and interest and profit or loss allocations to the Profit-Share Account™ Benefit shall continue until all of the products and benefits held by the Policyholder in terms of the PPS Provider™ Policy are cancelled, whereupon the full amount standing to the Policyholder's credit in his PPS Profit-Share Account™ Benefit as at the date of such cancellation shall be transferred to the Vested PPS Profit-Share Account Option in accordance with the terms and conditions of such option (refer to par. 7 below). In the event that PPS Insurance has at any time during the Policy term calculated the remaining value of the Policy and used the whole or any part of such remaining value in order to offset any premium(s) owed to PPS Insurance under the Policy, the amount due to the Policyholder shall be determined with reference to the rules prescribed by PPS Insurance in terms of the relevant provisions of the Long-Term Insurance Act No. 52 of 1998, as substituted and/or amended from time to time. No Profit-Share Account™ Benefit will be

paid where the Long-Term Insurance Act No. 52 of 1998 or any other relevant legislation prevents or restricts payment to the Policyholder.

- 6.6 Where the PPS Provider™ Policy is terminated due to his death, and in the event that PPS Insurance has at any time during the Policy term calculated the remaining value of the Policy and used the whole or any part of such remaining value in order to offset any premium(s) owed to PPS Insurance under the Policy, the amount due shall be determined with reference to the rules prescribed by PPS Insurance in terms of the relevant provisions of the Long-Term Insurance Act No. 52 of 1998, as substituted and/or amended from time to time.

Where the PPS Provider™ Policy is terminated due to his death in any other circumstances, the full amount standing to his credit in his PPS Profit-Share Account™ will become due.

In both of the above instances the amount due will be paid to the person or persons nominated by him as beneficiaries in accordance with the relevant provisions of the PPS Provider™ Policy (refer to section 15 above entitled "Beneficiaries"). If payment is made after the end of the third calendar month following receipt by PPS Insurance of sufficient information to enable PPS to make a decision as to the payment of the death benefits, interest will be paid at a rate to be determined by PPS Insurance in respect of the period from the end of such third calendar month to date of payment. No Profit-Share Account™ Benefit will be paid where the Long-Term Insurance Act No. 52 of 1998 or any other relevant legislation prevents or restricts payment to the Policyholder.

- 6.7 In addition to the payments referred to in this paragraph 6, there shall be paid to or in respect of a Policyholder who ceases to be a Policyholder other than at the end of a financial year and whose Apportionment Account, therefore, receives no profit or loss allocation as set out above in respect of such year, a part refund of the premiums due and paid or payable by the Policyholder whilst he was a Policyholder during such year. Such refund shall be one-twelfth of the profit or loss allocation per aggregate premium paid (excluding premium loadings applied), whichever is applicable, of the Benefit Option held, declared in respect of the preceding financial year, for each month from 1 January of such year to the date on which his participation terminates, less a discount of 10 per cent. If, at the time of termination of cover, no profit or loss allocation had been declared yet in respect of such preceding financial year, the profit and loss allocation declared most recently will, for the purposes of this section, be deemed to have also been declared in respect of such preceding financial year. Such refund shall not in any event exceed 50 per cent of the premiums paid or payable by the Policyholder during such year. The refund shall not be payable where this contract is terminated by PPS Insurance or where for a reason other than death, benefits cease within six months of his becoming a Policyholder. No Profit-Share Account™ Benefit will be paid where the Long-Term Insurance Act No. 52 of 1998 or any other relevant legislation prevents or restricts payment to the Policyholder.

- a) The Policyholder may elect to have the full amount standing to his credit in his PPS Profit-Share Account™ transferred directly to him. The Policyholder shall inform PPS Insurance of his selection in writing at its Head Office in the manner prescribed by PPS Insurance from time to time. In the event that the Policyholder fails to exercise an option at the time of the payment of the PPS Terminal Illness Benefit in accordance with this paragraph 6.8, the option described in paragraph c) above shall automatically apply if at least one of the other PPS Provider

Policy Benefits (Excluding the PPS Profit-Share Account™ Benefit) remains in force and the option described in paragraph b) above shall automatically apply in all other instances.

In the event that the Policyholder elects to exercise the Vested PPS Profit-Share Account Option in terms of paragraph b) above; and provided that at least one of the other PPS Provider Policy Benefits (excluding the PPS Profit-Share Account™ Benefit) still remains in force; the Policyholder's PPS Profit-Share Account™ Benefit shall remain in force subsequent to the transfer of the funds from the PPS Profit-Share Account™ Benefit to the Vested PPS Profit-Share Account. The balance of the Policyholder's Profit-Share Account™ Benefit shall be reduced to R0.00 and from that date onwards the Policyholder shall have both a Profit-Share Account™ Benefit and a Vested PPS Profit-Share Account. The Vested PPS Profit-Share Account shall be governed by the terms and conditions of such option (refer to par. 7 below). PPS Insurance shall once again begin to credit or debit such a Policyholder's PPS Profit-Share Account™ Benefit with interest and profit or loss allocations as described in this section 59 of the PPS Provider™ Policy. The Policyholder shall not be able to exercise any further options in respect of his Profit-Share Account™ Benefit and interest and profit or loss allocations to the Profit-Share Account™ Benefit shall continue until all of the products and benefits held by the Policyholder in terms of the PPS Provider™ Policy are cancelled, whereupon the full amount standing to the Policyholder's credit in his PPS Profit-Share Account™ Benefit as at the date of such cancellation shall be transferred to the Vested PPS Profit-Share Account Option in accordance with the terms and conditions of such option (refer to par. 7 below). In the event that PPS Insurance has at any time during the Policy term calculated the remaining value of the Policy and used the whole or any part of such remaining value in order to offset any premium(s) owed to PPS Insurance under the Policy, the amount due to the Policyholder shall be determined with reference to the rules prescribed by PPS Insurance in terms of the relevant provisions of the Long-Term Insurance Act No. 52 of 1998, as substituted and/or amended from time to time. No Profit-Share Account™ Benefit will be paid where the Long-Term Insurance Act No. 52 of 1998 or any other relevant legislation prevents or restricts payment to the Policyholder.

7. The Vested PPS Profit-Share Account Option:

The Vested PPS Profit-Share Account option may be exercised by the Policyholder, or implemented by PPS Insurance, in the following circumstances:

- (1) where all the products and benefits held by a Policyholder in terms of the PPS Provider™ Policy (Excluding the PPS Profit-Share Account™ Benefit) are cancelled in accordance with the provisions of paragraph 6.2 and 6.4 above; or
- (2) Where the Sickness and Permanent Incapacity benefit is cancelled in accordance with the provisions of paragraph 6.3 above; or
- (3) Where a Policyholder attains the age of 66 years in accordance with the provisions of paragraph 6.4 above.
- (4) Where a Policyholder qualifies in accordance with the provisions of paragraph 6.8 above.

Where the Vested PPS Profit-Share Account option is exercised or implemented as provided for in this contract, the funds available in a Policyholder's PPS Profit-Share Account™ Benefit at the time of the exercise or implementation of such option will be transferred by PPS Insurance to an Investment Portfolio selected by the Policyholder from a selection of investment Portfolios provided by PPS Investments, or where this is not possible or practicable to an Investment Portfolio selected by PPS Insurance in its (PPS's) own discretion, for the purpose of the initial investment of such a Policyholder's Vested PPS Profit-Share Account Benefit. Following the initial investment of the Policyholder's Vested PPS Profit-Share Account Benefit PPS Investments will, from time to time and at its discretion, present the Policyholder with a list of Investment Portfolios from which the Policyholder may choose for the purpose of the subsequent investment of such a Policyholder's Vested PPS Profit-Share Account Benefit.

From the day on which the Vested PPS Profit-Share Account option was exercised or implemented as provided for in this contract, the Apportionment Account will not exist as a separate entity under the Vested PPS Profit-Share Account any longer. Except in instances where the Policyholder has both a Profit-Share Account™ Benefit and a Vested PPS Profit-Share Account; as described in paragraphs 6.3 and 6.4 above; all special bonus allocations from the Policyholder's PPS Retirement Annuity Fund and PPS Investments products, if applicable, will thereafter be credited directly to his Vested PPS Profit-Share Account and all allocations to his PPS Profit-Share Account™ as described above in respect of the PPS Provider products will cease.

The Policyholder, who holds a Vested PPS Profit-Share Account, may from time to time withdraw funds from such account.

The Policyholder's Vested PPS Profit-Share Account will not be cancelled merely because all funds have been withdrawn from such account.

Notwithstanding anything else contained in this contract, the Vested PPS Profit-Share Account option may not be exercised by the Policyholder where his PPS Provider™ Policy is cancelled due to the following reasons:

- (a) non-disclosure by the Policyholder of, or misrepresentation by the Policyholder in respect of, information material to the assessment of the risk insured against by PPS Insurance;
- (b) a false claim for benefits submitted by the Policyholder knowing such claim to be false;
- (c) a claim submitted by the Policyholder where he knows and conceals the fact that the materialisation of the insured event is attributable to excessive indulgence in liquor or drugs, immorality or disorderly conduct, or where the sickness is intentionally self-inflicted or self-induced; or
- (d) improper, unworthy or disgraceful conduct by the Policyholder which will materially at the time of issue or at the time of any variation affect the risk under this contract.

CARDIOVASCULAR

Definition

The diagnosis of a heart disease resulting in the permanently impaired functioning of the life assured's heart, as defined and measured by the following functional impairment criteria at least 6 months after the diagnosis is confirmed and treatment instituted. The worst score from Category A measurements will be added to the worst score from Category B measurements to arrive at a total impairment score. The total impairment score will be used to adjudicate the payment of the lump sum impairment benefit. Claimants will be required to be under the care of a specialist cardiologist, be on optimal treatment and have attained maximal medical improvement. The six-minute walk distance must be performed with heart rate monitoring, with an appropriate peak heart rate response of > 100bpm attained for the test.

Layman's description

This benefit pays for heart disease that causes permanent damage and/or reduced functioning of the heart. The patient must be treated by a heart specialist. Such damage or poor heart function must be measured using different blood tests, some values obtained from a sonar of the heart, and a walking test that measures exercise ability (which can be affected by a cardiac condition). These tests can only be done at least six months after the diagnosis has been confirmed and completely and fully treated as one has to allow time for recovery on treatment. The test results are used in a scoring model, and the total score determines the percentage of the sum assured to be paid. The more severe the permanent damage and impaired function, the higher the percentage pay-out.

Claimants will be required to be under the care of a specialist physician or gastroenterologist and be on optimal treatment. At least two Child-Pugh assessments more than 6 months apart must be performed in order to assess chronic liver disease.
Layman's description	This benefit pays for chronic liver disease that causes reduced functioning and/or permanent damage of the liver. Such damage or poor liver function will be measured using a scoring system used by doctors. This involves assessing the degree of liver damage with blood tests, accumulation of fluid in the abdomen and the effect on brain function. There is a six-month waiting period from the time of diagnosis. The percentages of the sum assured paid, increase with worsening liver disease. A 100% will be paid for patients awaiting liver transplant. This will require confirmation by the treating specialist and evidence that the patient's name is on an official South African transplant list.

-------------------	---

Layman's description	This benefit pays for chronic lung disease that causes permanent damage and/or reduced functioning of the lungs. The patient must be treated by a lung specialist. Such damage or poor lung function will be measured using lung function tests and a walking test that measures exercise ability (which can be affected by a respiratory condition). Lung function tests can only be done by a registered pulmonologist (lung specialist) and must meet internationally accepted quality criteria to ensure optimal patient effort and coordination. Two sets of lung function tests must be done at least six months apart to prove that the disease is irreversible. The test results are used in a scoring model, and the total score determines the percentage of the sum assured to be paid. The more severe the permanent damage, the higher the percentage pay-out.
