1. INTRODUCTION TO PPS INVESTMENTS

PPS Investments, a wholly-owned subsidiary of the Professional Provident Society of South Africa (PPS), was launched in 2007 and today has assets under management totaling in excess of R31bn.

Why choose PPS Investments?

As the preferred wealth management services provider of choice for graduate professionals, we offer a suite of transparent and flexible investment solutions geared towards the creation and management of long-term wealth supported by an experienced team driven by passion, accountability and integrity.

We offer:

A COMPREHENSIVE RANGE OF INVESTMENT PRODUCTS

Our investment products are tailored to offer simple yet sophisticated solutions to your clients' investment needs throughout all life stages.

PREMIUM UNIT TRUSTS AS UNDERLYING INVESTMENT OPTIONS

Your clients can choose from the unit trusts offered by PPS Multi-Managers and other quality asset managers when selecting the underlying investments for their products.

A SIMPLER SELECTION PROCESS

The asset managers and unit trusts included on our investment platform have been appointed following a very strict selection process. When investing in one of these unit trusts your clients have the assurance of knowing that most of their research has already been done for them.

PPS Multi-Managers has further constructed risk profiled multi-managed unit trusts, assisting you in structuring investment portfolios that serve a range of needs.

TRANSPARENT AND COMPETITIVE FEES

We know it's important for your clients to understand how much they're paying for their investments, and exactly what they're paying for. Our highly competitive fee structure is fully disclosed and easily accessible.

PROFESSIONAL INVESTMENTS FOR ALL

Everyone can benefit from the expertise offered by PPS Investments even if they are not a PPS member.

Our range has become increasingly popular not only among investors who are not eligible for PPS membership but also among PPS members themselves, as they seek to provide their families with access to investments of the same standard and quality that they are able to enjoy.

About PPS

PPS was founded in 1941 with the single purpose of protecting the skills and proficiencies of graduate professionals. Established by a group of eight dentists who recognised that a working professional's most valuable asset was their own expertise, PPS still seeks to protect these professionals from being unable to practice their chosen vocation due to sickness or injury today.

PPS branched out into the PPS Group and launched PPS Insurance in 2001. Having further launched PPS Investments in 2007, PPS ensured that it could look after the health, wealth and security of its members through a range of financial services specifically designed for professionals.

Backed by over 78 years of experience, PPS boasts a strong governance structure and a continually growing membership base. It therefore provides a solid foundation as the holding company of PPS Investments, which has since been able to establish itself as a preferred investment provider in the professional market.

The company is led by a group of men and women who are driven by the desire to provide investors with a practical range of premium products. This highly experienced leadership team and the balance of our staff complement are committed to effective client service, reliable information systems and back office support.

What makes PPS unique?

The PPS Profit-Share Account is a retirement benefit to PPS members in respect of the profits generated by the company. As a mutual company, PPS has no external shareholders and operates solely to add value to its members. Therefore, 100% of the profits generated by the company are shared exclusively among PPS members* by means of the PPS Profit-Share Account.

Members receive profit allocations to their PPS Profit-Share Account based on the insurance policies held with PPS Insurance as well as the value of retail investments with PPS Investments. Members' profit allocations will be made regardless of their claim history or status. In addition, they will also share in the returns these profits have generated through being distributed to the PPS Profit-Share Account.

Profit allocations are distributed to the PPS Profit-Share Account and invested on behalf of the members before becoming accessible at retirement via the Vested PPS Profit-Share Account. This offers members a unique advantage of supplementing existing retirement savings whilst having the opportunity to continue sharing in the profit allocations from PPS Investments.

*As part of a PPS Provider™ policy

How does the PPS Profit-Share Account work?

There are three phases to a member's PPS Profit-Share Account:

Accumulation Phase Before age 55

During this phase, all the profit allocations are invested in the Pooled PPS Profit-Share Account Portfolio (High Equity) by default, which targets a return of 5.3% above inflation over rolling 5-year periods.

This strategy aims to achieve maximum levels of capital growth over the long term. The mandate of the portfolio is to hold 50% or more of its assets in equities.

Typically, it holds around 70% in equities and is therefore emphatically weighted towards capital growth assets.

PHASE 01:
Accumulation

Pre-retirement Phase Age 55 to retirement

From the age of 55, your client can take control of the investment strategy of their PPS Profit-Share Account by choosing how their accumulated profits are invested through the PPS Profit-Share Account Portfolio Choice. This allows them to align the investment strategy of their PPS Profit-Share Account to their other retirement assets.

Your client will be allowed to exercise their portfolio choice annually on their PPS Profit-Share Account until they reach retirement.

PHASE 02:
Pre-retirement

At retirement Phase From age 66

After the age of 60, your client's PPS Profit-Share Account vests when they cancel all their qualifying PPS Provider products.

If they don't have or if they cancel the PPS Sickness and Permanent Incapacity Benefit from the age of 60, they can continue with the rest of their qualifying PPS Provider products and earn profit share as well as opt to vest at any time.

When they choose to vest, the accumulated amount in their Profit-Share Account is transferred to a Vested PPS Profit-Share Account. Your PPS Profit-Share Account remains active, but the balance will reflect as zero. They will continue to receive profit share allocations into your PPS Profit-Share Account for any qualifying PPS Provider products that remain active. In addition, any profit share allocations earned on their investments at PPS Investments will be paid into their Vested PPS Profit-Share Account.

If they retain their PPS Sickness and Permanent Incapacity Benefit, they can vest at any time after the age of 66.

PHASE 03:
At retirement

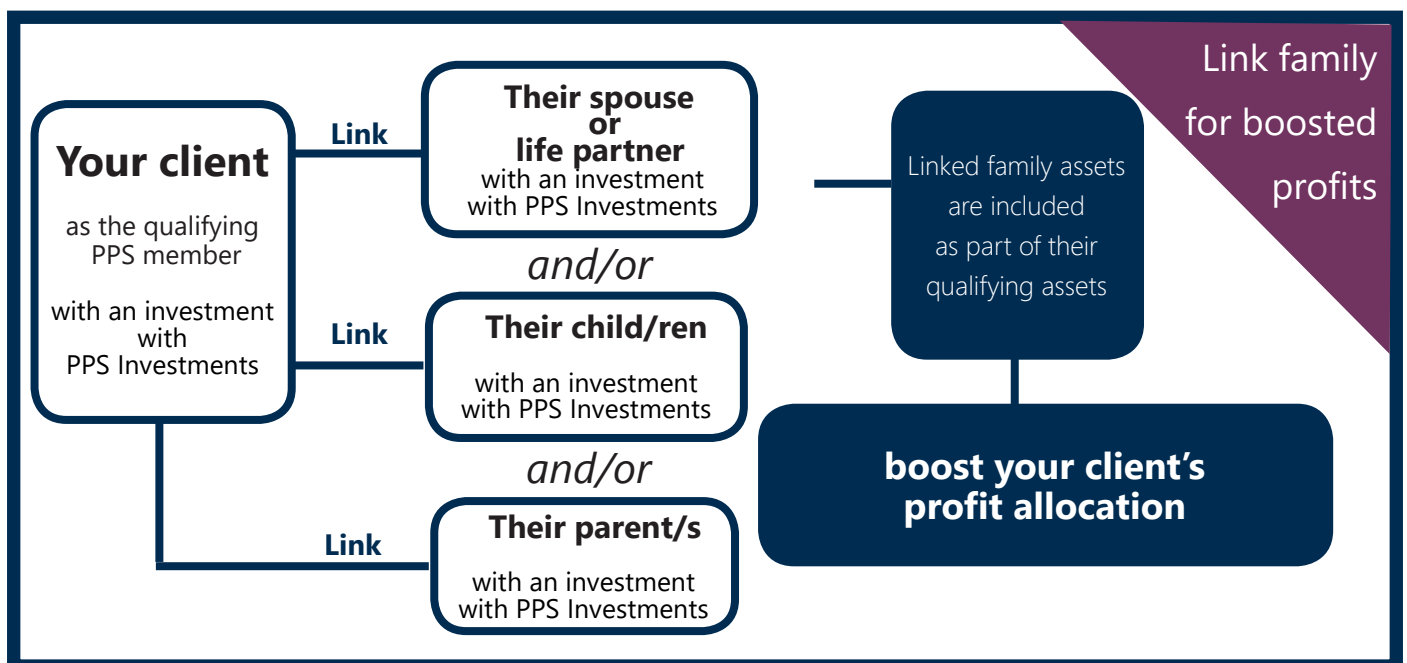

Maximising your client's PPS Profit-Share Account

THE MORE YOUR CLIENT INVESTS, THE MORE PROFIT IS ALLOCATED

If your client is a PPS member with an active PPS Profit-Share Account or Vested PPS Profit-Share Account, they may boost their profit-share allocation by investing with us. They're eligible to earn profits in two ways – on the investment solution, and by choosing the PPS funds as the underlying investment. In addition, profit allocations will be based on the size of their total investment - so the more they invest, the more profits are allocated.

LINKING FAMILY TO EARN EVEN MORE PROFIT-SHARE

By linking family (spouse, life partner, children and/or their parents) who are not PPS members to their membership number, they could earn additional profit share based on the qualifying assets (both product and fund-based profit-share allocations) of any family members that have been linked to their membership number. This includes our OPN range, which offers investment solutions to those who do not qualify as PPS members.

PROFIT ALLOCATION IS UNIQUE TO EACH MEMBER

It's important to note that the profit allocation will be unique for each member based on the size of investments, rate of contributions, length of investment during the financial year, withdrawals, fund range switches, allocations to PPS funds, Vesting of PPS Profit-Share Accounts plus linked assets of spouse, life partner, children and/or parents.

2. HOW DOES PPS INVESTMENTS SUPPORT ME?

WITH PPS INVESTMENTS, YOU HAVE ACCESS TO:

For your convenience, we have included more information about the Secure Online Services portal and our guidance tool.

SECURE ONLINE SERVICES

PPS Investments has developed a secure online portal, allowing you and your clients access to their investment portfolios 24/7, 365 days a year.

It's also designed to make it easy for you to do business and offer your clients the support they need.

You can:

- Create new client proposals, automatically updated with client details on record.
- Automatically convert pre-populated quote to pre-populated application form.
- Create pre-populated transaction forms for existing clients.
- Submit client transactions for processing online.
- Track transactions and new instructions in real time.
- Provide clients with an automated, detailed investment review.
- Analyse your book.
- Your clients are able to accept or decline certain instructions with a click of a button, and a signature may not be required.

(Please note that there is a delay of two working days in the information published).

PPS HORIZON

PPS Group has launched PPS Horizon, which is a web-based tool designed for our financial advisers to create guided digital financial plans for clients quickly and efficiently.

PPS Horizon offers you the unique opportunity of including digital financial advice or servicing as part of your value proposition to clients, particularly those who are digitally engaged. The intelligent advisory tool takes a user's circumstances, appetite for risk and ambitions into consideration and calculates the likely future outcomes of a financial plan. You will be able to evaluate different scenarios to help clients make informed investment decisions instantaneously.

PPS CONNECT

This convenient app allows you to access important information at any time and any place.

You can:

4. MORE ON OUR INVESTMENT OPTIONS

We provide solutions to help you save and invest. For consistent growth and carefully managed risk, PPS Investments offers multi-managed funds which combine the strengths of several reputable asset managers.

We offer two fund ranges: The Original range (for investments made before 1 October 2014 and now closed to new investments) and the Select range (for investments made after 1 October 2014).

THE PPS FUNDS

1. We manage asset allocation strategies;
2. We determine which asset managers are best positioned to execute these strategies successfully; and
3. We seek out complementary manager combinations.

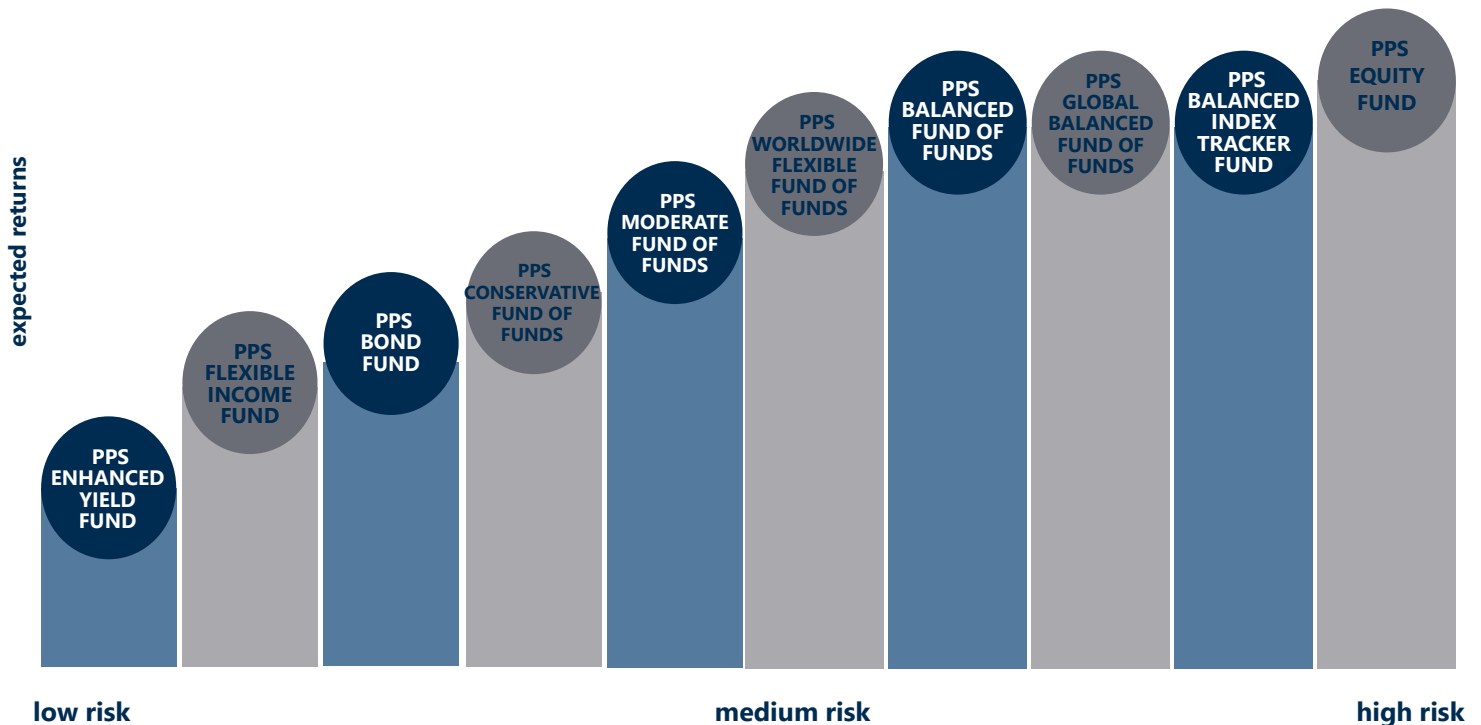

This means that when you choose a PPS Fund, your investment research has already been done.

By outsourcing these decisions to investment professionals, you are able to reduce the time spent on managing and rebalancing portfolios and are left with more time to focus on building client relationships.

The PPS Funds offers your clients:

- A diversified, actively managed investment;
- Access to a range of quality managers at attractive prices;
- More consistent returns, as we combine managers with complementary strengths;
- Lower investment risk, as we reduce our dependency on any single strategy;
- Alignment between the way we manage it and your client's objectives; and
- For qualifying PPS members, the opportunity for increased profit share: All profits attributable to the PPS Funds accrue to PPS members who have invested in them.

THE PPS FUND RANGE

PPS PARTNERSHIP FUNDS

We've expanded our fund range to offer clients a unique opportunity for added diversification through the PPS Partnership Asset Management Fund range.

We have partnered with boutique asset managers to offer a bespoke range of expertly managed funds across fund categories and risk profiles. Following in-depth research and a strict due diligence process, we firmly believe that these managers will add value to our Partnership Asset Management Funds through their proven investment philosophies, experience and expertise.

PPS MANAGED SHARE PORTFOLIO

Offered in conjunction with a stockbroker, the PPS Managed Share Portfolio allows your clients to invest a portion of their retirement funds in securities listed on South African exchanges, such as the local stock market (JSE).

This gives your clients access to professional stockbroking expertise and allows them to tailor a bespoke securities portfolio alongside their unit trust investments.

MINIMUM INVESTMENT AMOUNTS

Initial investment: R1 000 000

Additional contributions: R100 000

INVESTMENT MANDATES:

1. Regulation 28 Managed Share Portfolio

Unit trusts are used to balance the equity exposure provided by the share portfolio so that the investment remains within Regulation 28 asset class limits.

An investor may invest a maximum of 97% of the overall investment amount in this share portfolio. The remainder (at least 3%) is required to be invested in a Regulation 28 compliant manner in unit trusts on the PPS Investments platform. This will provide for the payment of annual advice and administration fees.

2. Equity Focused Managed Share Portfolio

The stockbroker has a mandate to invest purely in equity (local listed shares).

An investor may invest a maximum of 70% of the overall investment amount in this share portfolio. The remainder is required to be invested in unit trusts on the PPS Investments platform, with at least 25% of this amount invested in non-equity unit trusts. This is both to provide for the payment of annual advice and administration fees as well as to ensure compliance with Regulation 28 of the Pension Funds Act.

5. HOW DOES PPS INVESTMENTS' FEE STRUCTURE WORK?

There are three types of fees your client may have to pay:

Please note: All fees quoted exclude VAT. VAT will be levied at the standard rate, where applicable.

Pre-retirement withdrawal tax	No tax applicable on investment withdrawals (see "Tax within product" below).	Benefits are paid after tax (see "Tax within product" below).	No tax applicable on investment withdrawals (see "Tax within product" below).
Tax on withdrawals at/post retirement	No tax applicable on investment withdrawals (see "Tax within product" below).	Benefits are paid after tax (see "Tax within product" below).	No tax applicable on investment withdrawals (see "Tax within product" below).
Tax within product	Local dividends are taxed (20%) and withheld before distributions are reinvested.	Savings will be taxed on net realised capital gains (12%) and interest (30%) within the product. Local dividends are taxed (20%) and withheld before distributions are reinvested.	No tax is payable on interest, dividends or realised capital gains or losses that investors earn on their investment.
Tax considerations	Investors will be taxed on net realised capital gains and interest after individual exemptions (annual interest exemptions and capital gains exclusions) in their own capacity and not within the product.	Investors are not taxed in their own hands, but should be aware of the applicable tax rate of the relevant policyholder fund, as the tax rate applicable within an endowment plan is the average rate payable by the life company, rather than by an individual.	If the investor exceeds their annual contribution limit of R33 000 per tax year, this will lead to a penalty tax of 40% on the over-contributed amounts. If the investor exceeds the lifetime contribution limit of R500 000, this will lead to a penalty tax of 40% on the over-contributed amount. Penalty tax will be imposed by the SARS at the end of the tax year.

MANDATORY DISCLOSURES: All information and opinions provided are of a general nature and are not intended to address the circumstances of any Financial Service Provider's (FSP) clients. Kindly note that this does not constitute financial advice. In terms of the Financial Advisory and Intermediary Services Act, a FSP should not provide advice to investors without appropriate risk analysis and thorough examination of a particular client's financial situation. The information, opinions and any communication from the PPS Investments Group [PPS Investments Proprietary Limited, PPS Multi-Managers Proprietary Limited and PPS Management Company Proprietary Limited (RF)], whether written, oral or implied are expressed in good faith and not intended as investment advice, neither does it constitute an offer or solicitation in any manner. Collective Investment Schemes (CIS) are generally medium to long term investments. The value of participatory interests (units) may go down as well as up, and past performance is not necessarily a guide to future performance. Total Expense Ratio (TER) is a measure which can be used to determine how much of the Investment Option's underlying assets are incurred as administration expenses. Transaction Cost (TC) is a measure of the total costs incurred in buying and selling assets underlying the Investment Option. TER's and TC's are expressed as a percentage of the daily net asset value of the Investment Option calculated over a period of three years on an annualised basis. A higher TER does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER may not necessarily be an accurate indication of future TER's. TC's are a necessary cost in administering the Investment Options and impact Investment Option returns. It should not be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of Financial Product, the investment decisions of the investment manager and the TER. CIS are traded at ruling prices and can engage in borrowing and scrip lending up to 10% of the market value of the portfolio to bridge insufficient liquidity. The manager does not provide any guarantee either with respect of the capital or the return of a portfolio; and may close the portfolio to new investors to ensure that the portfolio is managed according to its mandate. A fund of funds is a portfolio that invests in portfolios of collective investment schemes that levy their own charges, which could result in a higher fee structure for the fund of funds. Performance figures are from PPS Multi-Managers and Morningstar and are for lump sum investments with income distributions reinvested on the ex-dividend date. Declaration of income accruals are made half-yearly. Please note, some of the funds are exposed to foreign securities and as such, it may be subject to the additional macroeconomic and political risks brought about by this exposure. It may also be subject to currency risk, which means the underlying investments of the fund could depreciate or appreciate against the reporting currency of the investor. Because these securities are listed on other exchanges, it may be subject to the relevant regulatory authority, and thus the tax implications and legislative changes of that particular entity. There may also be delays in realising investments, due to system or liquidity issues experienced by the respective exchange. The portfolio may also be subject to settlement risk; regional market failures will impact the portfolio heavily invested therein. In addition, normal market and investment value fluctuations will occur. All PPS Multi-Managers performance figures and values are quoted after the deduction of costs and applicable taxes incurred within the Fund. The above portfolio performance is calculated on a NAV to NAV basis and does not take any initial fees into account. Actual investment performance will differ based on the initial fees applicable, the actual investment date and the date of the reinvestment of income and dividend withholding tax. Past performance is not indicative of future performance. Historical performance figures of the oldest fund class available on the PPS Investments platform are duplicated to illustrate the fund performance of relevant newer fund classes. It is calculated taking all ongoing fees into account for the amount shown relevant to the fund class. Income is reinvested on the reinvestment date. Professional Provident Society Insurance Company Limited is a member of the Association for Savings & Investment SA (ASISA). A schedule of fees, charges and maximum commissions are available on request. PPS Investments and its subsidiaries will not be held liable or responsible for any direct or consequential loss or damage suffered by any party as a result of that party acting on or failing to act on the basis of the information provided in this document.

PPS Investments (39270), PPS Multi-Managers (28733) and PPS Investment Administrators (45924) are licensed Financial Services Providers.

For more performance information, Minimum Disclosure Documents (MDDs) of the above Investment Options are available on the PPS Investments website www.ppsinvestments.co.za.
