PRODUCT SUITABILITY

The Living Annuity is suited to retirees looking to invest their accumulated retirement savings to receive a retirement income and an opportunity to generate further investment returns. The PPS/OPN Living Annuity forms part of the comprehensive PPS Investments product suite.

It may be suitable if you do not require a guaranteed income, are willing to take some investment risk to target additional investment growth and are comfortable to assume responsibility for managing your retirement savings.

You can update your drawdown details once a year and can change your selection of Investment Options at any time without cost. This allows you to ensure that your investment remains optimally structured and best suited to your individual requirements, even as your living expenses change from year to year. It also means that you will be better equipped to deal with large, unforeseen expenses.

Upon your death, all amounts remaining in your Living Annuity are paid directly to your nominated beneficiaries. Your investment may therefore hold enduring value for your loved ones. This will also save your estate executor's fees.

PPS Investments would encourage all investors to consult with a financial adviser before making any post-retirement investment decisions.

7 ANNUITY INCOME

- 7.1 What income may I withdraw from my PPS/OPN Default Living Annuity Solution?**
If you elect to enter the PPS/OPN Default Living Annuity Solution, at the commencement of your policy, your annuity income shall be calculated in accordance with your age and gender as indicated in the drawdown tables on your PPS/OPN Default Living Annuity Solution application form.
At each subsequent anniversary date, your annuity income (in Rands) shall increase annually by 5.7%.
Please refer to your policy confirmation schedule for further details on your annuity income. A living annuity allows you to set your income level (within limits). The level of income you select is not guaranteed for the rest of your life. It is therefore important to consider that your income level may be too high and may not be sustainable if you live longer than expected. This may result in your capital being depleted before your death.
- 7.2 What income may I withdraw from my Living Annuity?**
Your annual annuity withdrawal is subject to certain regulatory minimum and maximum limits as set by the South African Revenue Service (SARS). Currently, the minimum annual amount which may be withdrawn from a Living Annuity is calculated at **2.5%** of your net investment value as at the anniversary date of your policy and the maximum amount is **17.5% per annum**.

It is your responsibility (in consultation with your financial adviser) to ensure that the income you select is at a level that would be sustainable for the rest of your life. You need to carefully manage the income you draw relative to the investment return on your capital in order to achieve this.

The table below can be used as a guide:

Years before your income will start to reduce

		Investment return per annum (before inflation & after all fees)				
		2.50%	5.00%	7.50%	10.00%	12.50%
Annual income rate selected at inception	2.50%	21	30	50+	50+	50+
	5.00%	11	14	19	33	50+
	7.50%	6	8	10	13	22
	10.00%	4	5	6	7	9
	12.50%	2	3	3	4	5
	15.00%	1	1	2	2	2
	17.50%	1	1	1	1	1

Source: ASISA Standard of Living Annuities

It is important to note that the table above assumes that you will adjust the percentage income you select over time to maintain the same amount of real income (i.e. allowing for inflation of 6% per annum). Once the number of years in the table above has been reached, your income will reduce fast in the subsequent years.

Please ensure that your adviser has explained both the advantages and the risks of the living annuity when compared to a conventional annuity (where the insurer carries the full investment risk and the risk of you living longer than expected).

The table is a general guideline and should be considered taking into account each policyholder's financial situation and all other sources of income. It is an indicative guideline only, to assist you in making informed decisions in respect of your annuity.

7.3 When will my annuity income be paid?

You will receive your annuity payment monthly in arrears and it will be paid by the **28th of the month**.

7.4 When may I change the amount of annuity income I receive from my Living Annuity?

You have the option to review the amount of your annuity income on the anniversary date of your policy. It is important to ensure that the annuity income you select will be sustainable for the rest of your life.

The Administrator must receive a written notice of any changes to your annuity income before the relevant cut-off date in the anniversary month of your policy, which date will be indicated on the correspondence sent to you.

If the Administrator does not receive an annuity review instruction from you, your most recent instruction will remain valid. However, the Administrator will review your annuity income to ensure that it complies with applicable minimum and maximum annuity criteria. As a result, automatic adjustments to your annuity income may be required, which may lead to an increase or a decrease in your annuity income during the following year.

7.5 When may I change the amount of annuity income I receive from my PPS/OPN Default Living Annuity Solution?

You have the option to review the amount of your annuity income on the anniversary date of your policy. Should you elect to follow the PPS/OPN Default Living Annuity Solution, your annuity income (in Rands) will increase automatically by 5.7% at each anniversary date.

Should you elect to have an alternative drawdown rate to that indicated by the predetermined Drawdown Rules, your Living Annuity shall no longer follow the PPS/OPN Default Living Annuity Solution Drawdown Rules. Should your Living Annuity no longer follow the proposed Drawdown Rules, you will be required to elect an annual living annuity income between 2.5% and 17.5% of your net investment value as of the anniversary date of your policy. You will also be able to switch to any Investment Option(s) within the Select Fund Range of PPS Investments.

Once your drawdown instruction has been communicated to the Administrator it cannot be reversed.

7.6 Where is my annuity income taken from?

Your annuity income will be funded by proportional withdrawals from your underlying Investment Option(s) or from a specific Investment Option that you have selected. The value of your policy will increase or decrease in line with market fluctuations. You therefore bear the investment risk in respect of both capital and income. Your capital may be eroded in order to maintain your required level of income, or your income may have to be reduced on the anniversary date in order to preserve your capital. Neither the amount of the annuity nor the level of investment return is guaranteed.

All income distributions are reinvested automatically.

9 REPORTING AND ONLINE ACCESS

9.1 Can I transact and view my investments online?

PPS Investments' Secure Online Services allows you to transact online for certain transactions. You may also access information about your investment, instructions we have received for your investment, your investment performance and your investment asset class exposure, among others. Should you not have a Secure Online Services account you may complete the online self-registration process on our website and an online account will be activated for you. You can also use the PPS mobile App to manage your investment, view balances, transact and download tax certificates.

9.2 Will I receive confirmation of my transaction?

Confirmation of your transaction will be sent to you once your investment has been processed. Statements will be sent to you at regular intervals, not exceeding three months apart. Copies of statements are available on request from the PPS Investments Client Service Centre on 0860 468 777 (0860 INV PPS). Alternatively, you can register on PPS Investments' Secure Online Services, and have access to your statements.

9.3 Will my financial adviser receive confirmation of my transaction?

If you have appointed a financial adviser, the Administrator will send your investment confirmation document to the financial adviser listed in the financial adviser details section of the Living Annuity application form. All documentation in relation to your Living Annuity will be made available to your appointed financial adviser on their request.

10.1 Will I pay tax within the Living Annuity?

Your Living Annuity income payment is taxed according to your marginal rate of tax, assuming your Living Annuity is your only income. However, should you provide the Administrator with a relevant SARS tax directive, income tax will be deducted accordingly. Withdrawal lump sum tax may be incurred should your beneficiary elect to receive their death benefit as a cash lump sum or should you fully withdraw the remaining capital of your Living Annuity. The onus is on you, the policyholder, to provide tax directives where applicable.

The returns generated by your investment are exempt from South African taxes such as capital gains and dividend withholding tax. Interest, income, foreign dividends and rental income are also currently untaxed in South Africa. Foreign taxes may be applicable on foreign instruments.

An annual tax certificate will be issued to you with regards to income earned.

11 FEES**11.1 What fees are applicable to my investment?**

Three types of fees are charged:

- **Financial advice fees:** If you have appointed a financial adviser you may have agreed to initial and/or annual fees (as indicated on the application form or amendment form). Initial fees are deducted from the investment amount prior to investment. Annual fees are deducted through the sale of units in your Investment Option(s) and paid to your adviser monthly in arrears. The fee is calculated and accrued daily.

- **Administration fees:** These are payable for administration services provided by the Administrator. No initial administration or transaction fees are charged. Annual fees are deducted through the sale of units in your Investment Option(s) and paid monthly in arrears. The PPS Investments client-based charging model reduces ongoing administration fees based on the total amount of assets you have invested with them (across all the products you have invested in), excluding assets invested in funds on which a fixed administration fee applies (refer to General Terms and Conditions for more detail).

- **Asset management fees:** Initial fees and annual asset management fees on the underlying Investment Option(s) selected will be charged by each management company. There are also other allowable expenses associated with an Investment Option. These fees and charges are deducted within the unit trust and are therefore not deducted in units, and are instead accounted for in the published performance of the Investment Option. These fees are indicated on the relevant Minimum Disclosure Document available on our website.

All fees are paid by a proportional disinvestment from each Investment Option or a specific Investment Option, depending on the instruction you have given on your application or transaction form. Fees and charges may change from time to time and you will be notified of such a change.

11.2 What is the maximum annual administration fee if I am invested in the Original Fund Range?

The maximum annual administrative fee is 0.70% per annum (excluding VAT).

11.3 How is my annual administration fee calculated, if I am invested in the Original Fund Range?

The PPS Investments client-based charging model reduces ongoing administration fees based on the total amount of assets you have invested with them (across all the products you have invested in). It is calculated on the daily market value of the investment portfolio and will be charged and paid monthly in arrears. This fee will be charged at the level of your Investment Option(s) and will be reduced in accordance with the sliding scale below:

- On the first R500 000: 0.70% (excluding VAT)
- R500 001 - R1 500 000: 0.50% (excluding VAT)
- R1 500 001 - R2 500 000: 0.45% (excluding VAT)
- Thereafter: 0.40% (excluding VAT)

Investments in the PPS Enhanced Yield Fund and Coronation Money Market Fund are excluded from the investment amount when applying the above sliding scale. An annual platform administration charge of 0.40% (excluding VAT) is charged on investments in the PPS Enhanced Yield Fund and 0.47% (excluding VAT) is charged on investments in the Coronation Money Market Fund.

Please refer to the Original Fund Range Investment Option schedule available on our website for more information.

11.4 What is the maximum annual administration fee if I am invested in the Select Fund Range?

The maximum annual administrative fee is 0.50% per annum (excluding VAT).

11.5 How is my annual administration fee calculated if I am invested in the Select Fund Range?

It is calculated on the daily market value of the investment portfolio and will be charged and paid monthly in arrears.

This fee will be charged at the level of your Investment Option(s) and will be reduced according to the sliding scale below:

- First R1 500 000: 0.50% (excluding VAT)
- Next R3 500 000: 0.20% (excluding VAT)
- Thereafter: 0.10% (excluding VAT)

Investments in the PPS Enhanced Yield Fund and Allan Gray Money Market Fund are excluded from the investment amount when applying the above sliding scale. An annual platform administration charge of 0.40% (excluding VAT) is charged on investments in the PPS Enhanced Yield Fund and Allan Gray Money Market Fund.

Please refer to the Select Fund Range Investment Option schedule available on our website in order to find out more.

11.6 **What fees are applicable should I select the PPS Managed Share Portfolio Investment Option?**

Apart from the standard PPS Investments administration fee, an additional administration fee of 0.15% (excluding VAT) is applicable to the PPS Managed Share Portfolio Investment Option. Basic brokerage and VAT charges (where applicable) are payable on all transactions, as well as any other charges which may be imposed from time to time, by the JSE. A portfolio management fee is applicable to the PPS Managed Share Portfolio Investment Option. Please refer to the PPS Managed Share Portfolio investment application form for all applicable portfolio management fees.

11.7 **What fees are applicable should I select the PPS Discretionary Fund Management Investment Option?**

A Discretionary Fund Management Fee applies to selected Investment Options. The fee charged is in-line with the discretionary mandate signed.

12 **BENEFICIARIES AND PROCEEDS ON DEATH**

12.1 **What happens to the proceeds of my benefit in the event of my death?**

Following your death, the Administrator must be notified in writing. The notification should include your name, age, identity number and investment number as well as a certified copy of your death certificate.

On receipt of confirmation of your death and subject to the Administrator's requirements, the underlying Investment Option(s) in the investment portfolio will be disinvested.

Your nominated beneficiaries will receive the death benefit. They have the following options:

- Payment of a cash lump sum;
- Payment of an annuity; or
- A combination of the above.

The annuity may be purchased from any long-term insurer. If your beneficiaries choose to receive the benefits as Living Annuities from the Administrator, they will each have to complete an application form. Each application form will be treated as a new policy.

12.2 **What nominations will I be asked to make?**

You may nominate one or more beneficiaries for the proceeds of your living annuity. Where there is more than one beneficiary they will share the benefit equally unless specified otherwise. Your nomination will have no effect if your beneficiaries die before you. Where applicable the deceased beneficiary's share will pass on to the surviving beneficiaries in equal shares. Your beneficiaries have no right to the benefit while you are alive.

Your nominated beneficiaries may be changed as and when required by written instruction to the Administrator. It is important to keep your beneficiary nominations up to date.

If you have not nominated any beneficiaries the benefit will be paid to your estate.

13 **UNCLAIMED BENEFITS**

13.1 **What happens to unclaimed benefits?**

If the Administrator is unsuccessful in its efforts to make a payment that is due to an investor or their estate for whatever reason, such benefits will become unclaimed benefits and will be dealt with in accordance with the Association of Savings and Investment South Africa (ASISA) Standard on Unclaimed Assets.

The Administrator may use all personal and contact information in its possession in order to facilitate tracing directly or via a third party in respect of any unclaimed benefits.

Any direct administrative, tracing and management costs incurred by the Administrator after a period of six months from the date on which the benefits first became due will be charged against the remaining value of the unclaimed benefits once successfully traced.

The Administrator will cease all attempts to trace the investor if the remaining value of the unclaimed benefits is less than the minimum value prescribed by ASISA from time to time (R1,000.00 as at 1 June 2013) or the costs of tracing exceed the benefits of tracing.

14 **YOUR ROLE**

Notwithstanding the information shared above, there are some additional rights and responsibilities to take note of:

14.1 **We recommend that you seek financial advice.**

We always recommend seeking financial advice when making investment decisions. A financial adviser should be able to help you make investment choices that are suited to your needs and circumstances. They should also help you ensure that you are fully informed of all fees you need to pay. If you do not have a financial adviser, the responsibility lies with you, as the policyholder, to make sure all fees payable are understood.

The financial adviser is responsible for ensuring that you receive an appropriate needs analysis, advice, product and fee information, including changes in administrative processes of the Administrator and fully understand these. Where you have appointed a financial adviser, it is the responsibility of your financial adviser to act within the conditions of their relevant FSP licence. We cannot be held responsible or liable for any loss or damage you may incur as a result of the financial adviser acting outside of their licence conditions.

14.2 **The risk and responsibility to choose an appropriate investment lie with you.**

We have indicated who the product is best suited to in the Product Suitability section of this document. The information provided to you by us, whether written, oral or implied, does not constitute financial advice or a recommendation to enter any of the PPS Investments products.

All information and explanations relating to the terms of this policy should not be construed as being financial advice or a recommendation to enter into any transaction. Information shared about our offerings is not an endorsement and the risk and responsibility for the selection between the various relevant Investment Options lie with you.

We do not provide any guarantees in relation to any investment performance. The value of the investment portfolio will fluctuate relative to the market value of the underlying securities comprising the selected investment portfolio. Investment Options are generally medium-to-long-term investments. The value of the units may go down as well as up and past performance is not necessarily a guide to future performance.

14.3 Any risks associated with the communication method you choose lie with you.

We will accept your instruction by facsimile or email. We will not accept any loss incurred as a result of us receiving and/or acting upon such communication. You waive any claim that you may have against us as you hold the risk of the communication method you have selected. We will not be liable if we do not receive a communication whether due to the failure, malfunction or delay of any networks or electronic or mechanical device or otherwise.

14.4 We are legally obligated to provide you with information in terms of CISCA as amended from time to time.

As the policyholder, you are entitled to certain information that the law requires a Collective Investment Scheme to disclose to its policyholders. We are obliged to obtain and transmit such information if the policyholder requests it.

14.5 Reporting of errors

You have **14 days** after receipt of investment confirmation or any statement to report any errors to the Administrator. The Administrator will not accept any responsibility for any loss, damages or inconvenience you incur, howsoever caused after this time.

14.6 You are responsible for ensuring your personal information on our system is correct.

It is your responsibility to ensure that your personal and contact particulars, as reflected on the latest policy certificate issued by us, is correct. Should this not be the case, or in the event that your personal and/or contact particulars change, it is your responsibility to inform us in writing of the new details. We will not accept any responsibility for any loss, damages or inconvenience you incur, howsoever caused, as a direct or an indirect result of incorrect personal and/or contact particulars.

15 THE ROLE OF THE ADMINISTRATOR

15.1 We are authorised to invest your net investment amount and reinvest all income distributions.

You hereby authorise us to invest your net investment amount into your chosen Investment Option(s) from time to time. All income arising from the Investment Option(s) from time to time (which will be regarded as forming part of your selected products) will be reinvested automatically.

15.2 We ensure your policy is compliant with ASISA.

Upon the creation of a new policy, we need to ensure compliance with the ASISA Standard on Replacement Policy. This is to protect you by ensuring that the applicable disclosures were made in the event that a recommendation was made for you to cancel an existing policy with another insurer and replace the policy by opening one with us.

15.3 Investments are made subject to the provisions of CISCA.

Investments in the selected Investment Options are made and will be administered subject to the provisions of CISCA, in accordance with the deeds of such Collective Investment Scheme and subject to each management company's fee structure as amended from time to time.

15.4 We are authorised to verify your information.

You hereby consent to us making enquiries of any nature, if necessary, to verify the information disclosed in the application form. You also consent to us obtaining any other information concerning you from any source whatsoever to process your application.

15.6 We may amend terms and conditions from time to time.

We may amend the terms and conditions of any of our products provided that those changes don't negatively affect any associated right or benefit that you may have accrued. We will give appropriate and reasonable notice of the proposed changes.

15.7 We may change relevant Investment Options.

We are entitled to change at our discretion and with appropriate notice, any of the relevant Investment Options offered from time to time. You will be asked to switch instructions should an Investment Option be removed from the PPS Investment offering. In the absence of any instruction from you within the required time period, we will affect a switch to a similar fund, were available.
