PRODUCT SUITABILITY

The PPS Personal Pension, OPN Personal Pension and/or the PPS Retirement Annuity are suited to investors who are seeking a tax-efficient, long-term retirement savings vehicle.

The Funds may be suitable for you if you do not require access to your savings before the age of 55 years and if you are comfortable with purchasing a post-retirement income with at least two-thirds of your retirement benefit.

Because your savings must remain invested until you reach the age of 55 years, this encourages a dedicated savings approach and helps you work towards a financially secure retirement. By committing to remain invested for a set period, you can ensure that you stick to your retirement savings strategy.

While saving with discipline, you still have the flexibility to adapt to changes in your personal circumstances. You may increase, lower or even stop your debit order contributions and can make changes to your Investment Options as required, without incurring transaction or penalty fees.

In addition, you benefit from tax exemptions on capital gains, interest and dividends accrued within your investment, and you also have the opportunity to reduce your annual income tax liability.

The value of your investment will increase or decrease as the Market Values of the underlying assets in your chosen Investment Option(s) fluctuate. The Fund does not provide any guarantees in relation to investment performance.

You have access to a premium selection of PPS Multi-Manager Investment Options and a refined list of Single-Manager Investment Options. In addition, you may select the PPS Managed Share Portfolio, which may be subject to a minimum investment amount. You may access the Investment Option information via the PPS Investments website (www.pps.co.za/invest). These Investment Options may change from time to time.
- 3.2 What is Regulation 28?**
The Fund requires that your Investment Option(s) adheres to the asset limits of Regulation 28 and with South African Reserve Bank Exchange Control legislation. You are allowed a maximum exposure of 75% of the investment amount in equity assets, 25% in property assets and 30% in international assets. This is applied on an individual Member level as well as on an overall Fund level.
Your Investment Option(s) will be monitored for Regulation 28 compliance on an ongoing basis. If you have exceeded any limits due to market fluctuations, a notification will be communicated to you quarterly requesting you to make a switch of units between the Investment Options to bring the investment within the asset limits. Should your total investment in the Fund exceed any of the Regulation 28 limits for three successive quarters, the Fund will rebalance your investment accordingly as they are obliged to in terms of Regulation 28. This means that if you do not make a switch by the fourth quarter, the Fund will make a switch between the Investment Options to bring the investment within the asset limits.

4 SWITCHES

4.1 Can I switch between Investment Options, and how?

You can switch between Investment Options as often as you choose without incurring a transaction fee. However, should the portfolio manager of your chosen Investment Option(s) charge an initial fee for investing into its unit trust funds, this fee would be applied to your investment. In other words, you can switch between available Investment Options, subject to the requirements and conditions that the Fund or the asset manager of the relevant Investment Options may apply.

To switch investment options you must complete a switch form (available on the PPS Investments website) and submit it with any required supporting documentation to us.

4.2 Can I switch between the Original and Select Fund Ranges?

PPS Investments currently offers two ranges of Investment Options, namely the Original Fund Range (available prior to 1 October 2014) and the Select Fund Range (available post 1 October 2014). Existing Members invested in the Original Fund Range can continue to access the Investment Options listed in the Original Fund Range Investment Option schedule. This range is however closed to all new investments. New investments will only be made into the Select Fund Range and the Investment Options are set out in the Select Fund Range Investment Option schedule. You will not be allowed to combine Investment Options from the Select and the Original Fund Ranges.

5 PAYMENT OF BENEFITS

5.1 Can I retire or withdraw from the Fund before the age of 55?

You may only withdraw from the Fund before the age of 55 years if:

- The total investment value of your Fund is less than/equal to R15 000 or
- You have not been a resident for tax purposes (as defined in the Income Tax Act) for an uninterrupted period of three or more years on or after 1 March 2021, or
- You have submitted an application to emigrate to the South African Reserve Bank on or before 28 February 2021, and that application has been approved on or before 28 February 2022, or
- You are a non-resident who has left South Africa because your working or visiting visa has expired.

You may not retire from the Fund before your 55th birthday unless on the basis of becoming permanently incapable of carrying on your occupation due to sickness, accident, injury or incapacity through infirmity of mind or body. The claim for early retirement must be supported by medical evidence as requested by the Trustees and provided by you at your own cost. The lump sum that may be paid out upon early retirement is the same as for normal retirement, as explained in section 5.2.

5.2 What benefits are paid at retirement?

At retirement, you may commute up to one-third of the Non-Vested benefit as a cash lump sum payment. The remaining balance in the Fund must be used to purchase an annuity (including a living annuity) from a registered South African long-term insurer. If the total investment value in the Fund is R247 500 or less, you may take the full value of your benefit as a cash lump sum.

5.3 Is there a tax implication when my benefits are paid?

We will apply for a tax directive from SARS for any withdrawal or retirement lump sum benefit, and any tax payable (Provisional and/or IT88) will be deducted prior to payment.

Once we receive your retirement or withdrawal instruction and all required documents, we will apply for a tax directive from SARS. The tax directive may not be altered or cancelled and your instruction cannot be retracted. We will disinvest the units in your investment and invest them into the Benefit Clearing Account, which is a money market unit trust portfolio, to facilitate obtaining a tax directive from SARS. Any tax payable will be deducted prior to the payment of the benefit.

In the case of a death claim, once we receive the death certificate, we will disinvest the units in your Investment Option(s) and invest the proceeds into the Benefit Clearing Account, which is a money market unit trust portfolio, to which we will apply for the tax directive from SARS once the Trustees have determined who the beneficiaries are, and once the beneficiaries have provided us with the required documents to process the payment. We can provide you with a tax simulation quote if requested. This will provide you with an estimate of the tax that will be levied by SARS on your withdrawal/retirement lump sum benefit. Please note the outcome may differ from the results when the actual tax directive request is submitted to SARS.

10 FEES

10.1 What fees are applicable to my investment?

There are typically three fee categories:

- **Financial advice fees:** If you have appointed a financial adviser you may have agreed to initial and/or annual fees (as indicated on the application or amendment form). Initial fees are deducted from the investment amount prior to investment. Annual fees are deducted through the sale of units in your Investment Option(s) and paid to your adviser monthly in arrears. The fee is calculated and accrued daily.
- **Administration fees:** These fees are payable for administration services provided by the Fund. No initial administration or transaction fees are charged. The applicable annual administration fee is determined by the fund range you have selected (Original or Select). Annual fees are deducted through the sale of units in your Investment Option(s) and paid monthly in arrears. The PPS Investments client-based charging model reduces ongoing administration fees based on the total amount of assets you have invested with them (across all the products you have invested in).
- **Asset management fees:** Initial fees and annual asset management fees on the underlying Investment Option(s) selected will be charged by each management company. There are also other allowable expenses associated with the Investment Options. These fees and charges are deducted within the Investment Options and are therefore not deducted in units, and are instead accounted for in the published performance of the Investment Option. These fees are indicated on the relevant Minimum Disclosure Document (MDD) available on the PPS Investments website.

All fees are paid by a proportional disinvestment from each Investment Option or a specific Investment Option, depending on the instruction you have given on your completed application or transaction form. Fees and charges may change from time to time and you will be notified of such a change.

10.2 What is the maximum annual administration fee if I am invested in the Original Fund Range?

The maximum annual administration fee is 0.70% per annum (excluding VAT).

10.3 How is my annual administration fee calculated if I am invested in the Original Fund Range?

The PPS Investments client-based charging model reduces ongoing administration fees based on the total amount of assets you have invested across all products. It is calculated on the daily Market Value of the investment portfolio and will be charged and paid monthly in arrears. This fee will be charged at the level of your Investment Option(s) and will be reduced in accordance with the sliding scale below:

- On the first R500 000: 0.70% (excluding VAT)
- R500 001 - R1 500 000: 0.50% (excluding VAT)
- R1 500 001 - R2 500 000: 0.45% (excluding VAT)
- Thereafter: 0.40% (excluding VAT)

An annual platform administration charge of 0.40 % (excluding VAT) is charged on investments in the PPS Enhanced Yield Fund and 0.47% (excluding VAT) is charged on investments in the Coronation Money Market Fund.

Please refer to the Original Fund Range Investment Option schedule available on the PPS Investments Secure Online Services, accessible from the PPS Investments website in order to find out more.

The maximum annual administrative fee is 0.50% per annum (excluding VAT).

10.5 How is my annual administration fee calculated if I am invested in the Select Fund Range?

It is calculated on the daily Market Value of the investment portfolio and will be charged and paid monthly in arrears.

This fee will be charged at the level of your Investment Option(s) and will be reduced according to the sliding scale below:

- First R1 500 000: 0.50% (excluding VAT)
- Next R3 500 000: 0.20% (excluding VAT)
- Thereafter: 0.10% (excluding VAT)

A portfolio management fee is applicable to the PPS Managed Share Portfolio Investment Option. Please refer to the PPS Managed Share Portfolio investment application form for all applicable portfolio management fees.

11 BENEFICIARIES AND PROCEEDS ON DEATH

11.1 What happens to my benefit in the event of my death?

The Pension Funds Act requires the Trustees to determine who your dependants are, and to pay the benefit in proportions that they deem fair and equitable. This process may take up to 12 months. The beneficiaries have the option to purchase a compulsory annuity, take a cash sum or a combination of both.

11.2 What nominations will I be asked to make?

You may nominate one or more beneficiaries to receive the death benefit, by submitting a written and signed instruction to the Fund. Although the Trustees are not bound by your nomination, it will assist the Trustees in applying their discretion and it is highly recommended. You cannot specify how your death benefit should be allocated in your Will, as retirement fund benefits do not form part of your estate. You should keep your nomination up to date and you may only nominate natural persons to receive a benefit. You may stipulate that payment be made to a trust for the benefit of the beneficiary. Please do not nominate your estate as a beneficiary as the Trustees are unable to pay the benefit into the estate if there are dependants or nominees who are natural persons.

11.3 Can I change my beneficiaries?

You may change your nominated beneficiaries as and when required by written and signed instruction to the Fund in the prescribed form, which must be received by the Fund before your death.

12 UNCLAIMED BENEFITS

12.1 What happens to unclaimed benefits?

In terms of the Pension Funds Act, any benefit that is not paid within 24 months of it becoming due and payable is regarded as an unclaimed benefit. The Trustees may retain the benefit in the Fund, invested in the PPS Enhanced Yield Fund, or may transfer the benefit to a registered unclaimed benefit fund.

The Fund, Administrator and PPS Investments may share all personal and contact information with any third party, or obtain any contact and personal information from any third party, in order to facilitate tracing in respect of any unclaimed benefits.

In terms of the Fund Rules, tracing costs may be deducted from the benefit.

13 YOUR ROLE

Notwithstanding the information shared above, there are some additional rights and responsibilities to take note of:

13.1 We recommend that you seek financial advice.

We always recommend seeking financial advice when making investment decisions. A financial adviser should be able to help you make investment choices that are suited to your needs and circumstances. They should also help you ensure that you are fully informed of all fees you need to pay. If you do not have a financial adviser, the responsibility lies with you, as the Member, to make sure all fees payable are understood.

The financial adviser is responsible for ensuring that you receive an appropriate needs analysis, advice, and product and fee information, including changes in administrative processes and that you fully understand these. Where you have appointed a financial adviser, it is the responsibility of your financial adviser to act within the conditions of their relevant FSP licence. PPS Investments, the Administrator and the Fund cannot be held responsible or liable for any loss or damage you may incur as a result of the financial adviser acting outside the licence conditions.

13.2 The risk and responsibility to choose an appropriate investment lie with you.

The information provided to you by PPS Investments or, the Fund, whether written, oral or implied, does not constitute advice or a recommendation to enter into any of the PPS Investments products or Investment Options.

All information and explanations relating to these Product Terms, Conditions and Declarations are not to be considered advice or recommendations to enter into any transaction. Information that we share about our offerings is not an endorsement and the risk and responsibility for the selection of your Investment Option(s) lie with you.

Neither the Administrator, PPS Investments nor the Fund provides any guarantees in relation to any investment performance. The value of the investment portfolio will fluctuate relative to the Market Values of the underlying assets comprising the selected investment portfolio. Investment Options are generally medium- to long-term investments. The value of your Investment Option(s) may go down as well as up and past performance of the underlying assets within your Investment Option(s) is not necessarily a guide to future performance.
